Welcome to Wellpoint!

We are pleased that You have become a Member of Our health plan, where it's Our mission to improve the health of the people We serve. We've designed this EOC to give a clear description of Your benefits, as well as Our rules and procedures.

This EOC explains many of the rights and duties between You and Us. It also describes how to get healthcare, what services are covered, and what part of the costs You will need to pay. Many parts of this EOC are related. Therefore, reading just one or two sections may not give You a full understanding of Your coverage. You should read the whole EOC to know the terms of Your coverage.

This EOC, the application, and any amendments or riders attached shall constitute the entire EOC under which Covered Services and supplies are provided by Us.

Many words used in the EOC have special meanings (e.g., Covered Services, and Medical Necessity). These words are capitalized and are defined in the "Definitions" section. See these definitions for the best understanding of what is being stated. Throughout this EOC, You will also see references to "We," "Us," "Our," "You," and "Your." The words "We," "Us," and "Our" mean Wellpoint or any of Our subsidiaries, affiliates, subcontractors, or designees. The words "You" and "Your" mean the Member, Subscriber and each covered Dependent.

Should You have a complaint, problem or question about Your health plan or any services received, a Member Services representative will assist You. Contact Member Services by calling the number on the back of Your Member Identification Card. Also be sure to check Our website, www.wellpoint.com for details on how to find a Provider, get answers to questions, and access valuable health and wellness tips. Thank You again for enrolling in the Plan!

Consolidated Appropriations Act of 2021 Notice

Consolidated Appropriations Act of 2021 (CAA)

The Consolidated Appropriations Act of 2021 (CAA) is a federal law that includes the No Surprises Act as well the Provider transparency requirements that are described below.

Surprise Billing Claims

Surprise Billing Claims are claims that are subject to the federal No Surprises Act requirements:

- Emergency Services provided by Non-Network Providers;
- Certain Covered Services provided by a Non-Network Provider at a Network Facility; and
- Non-Network air ambulance services.

No Surprises Act Requirements

Emergency Services

As required by the CAA, Emergency Services are covered under Your Plan:

- Without the need for Precertification;
- Whether the Provider is Network or Non-Network.

If the Emergency Services You receive are provided by a Non-Network Provider, Covered Services will be processed at the Network benefit level.

Note that if You receive Emergency Services from a Non-Network Provider, Your out-of-pocket costs will be limited to amounts that would apply if the Covered Services had been furnished by a Network Provider.

However, Non-Network Cost Shares (i.e., Copayments, Deductibles and/or Coinsurance) will apply to Your claim if the treating Non-Network Provider determines You are stable, meaning You have been provided necessary Emergency Services such that Your condition will not materially worsen and the Non-Network Provider determines: (i) that You are able to travel to a Network Facility by non-emergency transport; (ii) the Non-Network Provider complies with the notice and consent requirement; and (iii) You are in condition to receive the information and provide informed consent. If You continue to receive services from the Non-Network Provider after You are stabilized, You will be responsible for the Non-Network Cost Shares, and the Non-Network Provider will also be able to charge You any difference between the Maximum Allowable Amount and the Non-Network Provider's billed charges.

This notice and consent exception does not apply if the Covered Services furnished by a Non-Network Provider result from unforeseen and urgent medical needs arising at the time of service.

Non-Network Services Provided at a Network Facility

When You receive Covered Services from a Non-Network Provider at a Network Facility, Your claims will be paid at the Non-Network benefit level if the Non-Network Provider gives You proper notice of its charges, and You give written consent to such charges. This means You will be responsible for Non-Network Cost Shares for those services and the Non-Network Provider can also charge You any difference between the Maximum Allowable Amount and the Non-Network Provider's billed charges. This requirement does not apply to Ancillary Services. Ancillary Services are one of the following services: (A) Emergency Services; (B) anesthesiology; (C) laboratory and pathology services; (D) radiology; (E) neonatology; (F) diagnostic services; (G) assistant surgeons; (H) hospitalists; (I) intensivists; and (J) any services set out by the U.S. Department of Health & Human Services.

Non-Network Providers satisfy the notice and consent requirement as follows:

1. By obtaining Your written consent not later than 72 hours prior to the delivery of services; or
2. If the notice and consent is given on the date of the service, if You make an appointment within 72 hours of the services being delivered.

How Cost Shares Are Calculated

Your Cost Shares for Emergency Services or for Covered Services received by a Non-Network Provider at a Network Facility, will be calculated using the median plan Network contract rate that we pay Network Providers for the geographic area where the Covered Service is provided. Any out-of-pocket Cost Shares You pay to a Non-Network Provider for either Emergency Services or for Covered Services provided by a Non-Network Provider at a Network Facility will be applied to Your Network Out-of-Pocket Maximum.

Appeals

If You receive Emergency Services from a Non-Network Provider, Covered Services from a Non-Network Provider at a Network Facility, or Non-Network air ambulance services and believe those services are covered by the No Surprises Act, You have the right to Appeal that claim. If Your Appeal of a Surprise Billing Claim is denied, then You have a right to appeal the adverse decision to an Independent Review Organization as set out in the "If You Have a Complaint or an Appeal" section of this EOC.

Provider Directories

Wellpoint is required to confirm the list of Network Providers in its Provider Directory every 90 days. If You can show that You received inaccurate information from Wellpoint that a Provider was Network on a particular claim, then You will only be liable for Network Cost Share (i.e., Copayments, Deductibles, and/or Coinsurance) for that claim. Your Network Cost Share will be calculated based upon the Maximum Allowed Amount.

Transparency Requirements

Wellpoint provides the following information on its website at www.wellpoint.com:

- Protections with respect to Surprise Billing Claims by Providers, including information on how to contact State and federal agencies if You believe a Provider has violated the No Surprises Act.

You may also obtain the following information on Wellpoint's website or by calling Member Services at the phone number on the back of Your ID Card:

- Cost Sharing information for 500 defined services, as required by the Centers for Medicare & Medicaid Services (CMS); and
- A listing/directory of all Network Providers.

In addition, Wellpoint will provide access through its website to the following information:

- Network negotiated rates; and
- Historical Non-Network rates.

SCHEDULE OF COST SHARE AND BENEFITS

This chart is an overview of Your benefits for Covered Services, which are listed in detail in the “What is Covered” section. A list of services that are not covered can be found in the “What is Not Covered (Exclusions)” section.

Services by Providers located outside Texas will only be Covered Services if:

- The services are for Emergency Care, ambulance services related to an Emergency for transportation to a Hospital, or Urgent Care services received at an Urgent Care Center; or
- The services are approved in advance by Wellpoint.

IMPORTANT: You are responsible for confirming that the Provider You are seeing or have been referred to see is a Network Provider for this Plan. It is important to understand that Wellpoint has many contracting Providers who may not be part of the network of Providers that applies to this Plan.

Wellpoint can help You find a Network Provider specific to Your Plan by calling the number on the back of Your Identification Card.

What will I pay?

Reimbursement for Covered Services is based on the Maximum Allowed Amount, which is the most Your EOC will allow for a Covered Service.

The Deductible applies to all Covered Services with a Copayment and/or Coinsurance, including 0% Coinsurance, except for:

- Network Preventive Care Services required by law.
- Pediatric Vision Services.
- Services, listed in the chart below, that specifically indicate that the Deductible does not apply.

For a detailed explanation of how Your Deductibles and Out-of-Pocket Annual Maximums are calculated, see the “How Your Claims Are Paid” section. Except for Surprise Billing Claims, when You receive Covered Services from a Non-Network Provider, You may also be responsible for paying any difference between the Maximum Allowed Amount and the Provider’s actual charges.

HOW YOUR COVERAGE WORKS

The purpose of this section is to help You understand how to receive the highest level of benefits available under this Plan. It provides details about Network Providers who have entered into an agreement with Wellpoint and Non-Network Providers who have not. You will also find information about how to access a list of Network Providers in Your service area and the importance of choosing a Primary Care Physician.

To find a Network Provider for this Plan, please see “How to Find a Provider in the Network” later in this section.

Your Plan is a Point-of-Service (POS) Plan. The Plan has two sets of benefits: Network and Non-Network. If You choose a Network Provider, You will pay less in out-of-pocket costs, such as Copayments, Deductibles, and Coinsurance. If You use a Non-Network Provider, You will have to pay more out-of-pocket costs unless Your care involves Emergency Care, ambulance services related to an Emergency for transportation to a Hospital, or Urgent Care services received at an Urgent Care Center.

Network Services

When You use a Network Provider or get care as part of an Authorized Service, Covered Services will be covered at the Network level. Regardless of Medical Necessity, benefits will be denied for care that is not a Covered Service. We have final authority to decide the Medical Necessity of the service. We may inform You that it is not Medically Necessary for You to receive services or remain in a Hospital or other Facility. This decision is made upon review of Your condition and treatment. You may Appeal this decision. See the “If You Have a Complaint or an Appeal” section of this EOC.

Network Providers include Primary Care Physicians/Providers (PCPs), Specialists (Specialty Care Physicians/Providers - SCPs), other professional Providers, Hospitals, and other Facilities who contract with Us to care for You. PCPs include general practitioners, internists, family practitioners, pediatricians, obstetricians and gynecologists, geriatricians or other Network Providers as allowed by Us. The PCP is the doctor who may provide, coordinate, and arrange Your healthcare services. SCPs are Network doctors who provide specialty medical services not normally provided by a PCP.

A consultation with a Network healthcare Provider for a second opinion may be obtained at the same Copayment/Coinsurance as any other service.

For services rendered by Network Providers:

- You will not be required to file any claims for services You obtain directly from Network Providers. Network Providers will seek compensation for Covered Services rendered from Us and not from You except for approved Deductibles, Coinsurance, and/or Copayments.
- When required, prior approval of benefits is the responsibility of the Network Provider. See the “Requesting Approval for Benefits” section.

If there is no Network Provider who is qualified to perform the treatment You require, contact Us prior to receiving the service or treatment, and We may approve a Non-Network Provider for that service as an Authorized Service.

If You receive Covered Services from a Non-Network Provider after We failed to provide You with accurate information in our Provider Directory, or after We failed to respond to Your telephone or web-based inquiry within the time required by federal law, Covered Services will be covered at the Network level.

Non-Network Services

When You do not use a Network Provider, Covered Services are covered at the Non-Network level, unless Your care involves Emergency Care, ambulance services related to an Emergency for transportation to a Hospital, or Urgent Care services received at an Urgent Care Center.

For services from a Non-Network Provider:

1. In addition to any Deductible and/or Coinsurance/Copayments, the Non-Network Provider can charge You the difference between their bill and the Plan's Maximum Allowed Amount except for Surprise Billing Claims;
2. You may have higher Cost Sharing amounts (i.e., Deductibles, Coinsurance, and/or Copayments);
3. You will have to pay for services that are not Medically Necessary;
4. You will have to pay for non-Covered Services;
5. You may have to file claims; and
6. You must make sure any necessary Precertification is done.

We will not deny or restrict Covered Services just because You get treatment from an Non-Network Provider; however, You may have to pay more.

Non-Network Referrals

There may be instances in which the care You require cannot be met by participating Providers and You may need to seek care from a Non-Network Provider. In this case, the following steps must be taken:

- We must receive a request from a Network Provider with appropriately-detailed information on Your condition or illness and why that condition or illness cannot be managed by a Network Provider.
- If approved, We will respond with a Referral to the Non-Network Provider within five business days, based on the circumstances and Your condition.
- If We deny a Referral request to a Non-Network Provider, We will first have a review conducted by a Specialist of the same or similar specialty as the type of Provider to whom the Referral was requested.

If approved, during the time period that You are receiving care from a Non-Network Provider, We will not require You to change PCPs or Specialists with whom You have already established a patient/doctor relationship.

We will pay the Non-Network Provider the same rate We would pay a Network Provider for Covered Services You receive. You will only be responsible for the same Deductible, Coinsurance or Copayments You would normally have to pay a Network Provider.

How to Find a Provider in the Network

There are several ways You can find out if a Provider or Facility is in the Network for this Plan. You can also find out where they are located and details about their license or training.

- See Your Plan's directory of Network Providers at www.wellpoint.com, which lists the doctors, Providers, and Facilities that participate in this Plan's Network.
- Search for a Provider in Our mobile app or website. Details on how to download the app can be found on Our website, www.wellpoint.com.
- Contact Member Services to ask for a list of doctors and Providers that participate in this Plan's Network based on specialty and geographic area. Member Services can help You determine the Provider's name, address, telephone number, professional qualifications, specialty, medical school attended, and board certifications.
- Check with Your doctor or Provider.

If You need details about a Provider's license or training or help choosing a doctor who is right for You, call the Member Services number on the back of Your Member Identification Card. TTY/TDD services also are available by dialing 711. A special operator will get in touch with Us to help with Your needs.

You do not need a referral to see a Specialty Care Physician. You can visit any Network Specialist including a behavioral health Provider without a referral from a Primary Care Physician.

Primary Care Physician (PCP)

The Primary Care Physician (PCP) is a doctor who can provide initial care, basic medical services and can be responsible for ongoing patient care. PCPs are usually internal medicine doctors, family practice doctors, general practitioners, pediatricians, or obstetricians/gynecologists (OB/GYNs). PCPs may provide care in person or virtually. As Your first point of contact, the PCP gives a wide range of healthcare services, including initial diagnosis and treatment, health supervision, management of chronic conditions, and preventive care.

Selecting a Primary Care Physician (PCP)

Your Plan requires You to select a Primary Care Physician from Our Network, or We will assign one. We will notify You of the PCP that We have assigned. You may then use that PCP or choose another PCP from Our Provider Directory. Please see “How to Find a Provider in the Network” for more details.

You have direct access for Medical Chats and Virtual Visits with Our virtual care-only partners through Our mobile app.

PCPs include family practitioner, pediatrician, internist, qualified certified nurse practitioners or other qualified Primary Care Physicians, as required by law, for services within the scope of their license. For example, an internist or general practitioner may be chosen for adults and a pediatrician may be selected for children. If You want to change Your PCP, contact Us or refer to Our website, www.wellpoint.com.

If You have a chronic, disabling or life-threatening illness, You can request to use a Network Specialist as Your PCP. Your Network Specialist must let Us know that they agree to act as Your PCP. You can contact Us for information on how to apply for this exception.

The First Thing To Do - Make an Appointment With Your PCP

Your PCP's job is to help You stay healthy, not just treat You when You are sick. After You choose a PCP, make an appointment with Your PCP. During this appointment, get to know Your PCP and help Your PCP get to know You. At Your first appointment, talk to Your PCP about:

- Personal health history
- Family health history
- Lifestyle
- Any health concerns You have

It is important to note, if You have not established a relationship with Your PCP, they may not be able to effectively treat You. To see a doctor, contact their office:

- Tell them You are a Wellpoint Member.
- Have Your Member Identification Card handy. The doctor's office may ask You for Your Member ID number.
- Tell them the reason for Your visit.

When You meet with Your PCP, be sure to have Your Member Identification Card available.

Connect with Us Using Our Mobile App

As soon as You enroll in this Plan, You should download Our mobile app. You can find details on how to do this on Our website, www.wellpoint.com.

Our goal is to make it easy for You to find answers to Your questions. You can chat with Us live in the app, or contact Us on Our website, www.wellpoint.com.

You will be notified of the termination of PCP and/or Hospital Provider contracts in Your Service Area within 30 days after the Provider's termination. If You obtain Covered Services from a terminated Provider during the period between the termination of the Provider's contract and five days after the notice of termination has been mailed to You, those services will be covered.

Continuity of Care

If Your Network Provider leaves Our Network for any reason other than termination for cause and You are in active treatment, You may be able to continue seeing that Provider for a limited period of time and still receive Network benefits. "Active treatment" includes:

1. An ongoing course of treatment for a chronic illness or condition. A chronic illness or condition is a condition that is life-threatening, degenerative, potentially disabling, or congenital and requires specialized medical care over a prolonged period of time;
2. An ongoing course of treatment for a serious acute condition, (examples include chemotherapy, radiation therapy and post-operative visits);
3. An ongoing course of treatment for pregnancy through the postpartum period;
4. A scheduled non-elective surgery from the Provider, including receipt of postoperative care from such Provider or Facility with respect to such a surgery;
5. An ongoing course of treatment for a health condition for which the doctor or healthcare Provider attests that discontinuing care by the current doctor or Provider would worsen Your condition or interfere with anticipated outcomes. An "ongoing course of treatment" includes treatments for Mental Health and Substance Use Disorders; or
6. Continuing care benefits for Members undergoing a course of institutional or Inpatient care from the Provider or Facility and/or determined to be terminally ill and are receiving treatment for such illness from such Provider or Facility.

In these cases, You may be able to continue seeing that Provider until treatment is complete, or for 90 days, whichever is shorter. In the case of a terminal illness, You have 9 months to continue seeing the Provider. If You wish to continue seeing the same Provider, You or Your doctor should contact Member Services for details. Any decision by Us regarding a request for Continuity of Care is subject to the Appeals Process.

Identification Card

When You receive care, You must show Your Identification Card. Only a Member who has paid the Premiums under this EOC has the right to services or benefits under this EOC. If anyone receives services or benefits to which he/she is not entitled to under the terms of this EOC, he/she is responsible for the actual cost of the services or benefits.

After Hours Care

If You need care after normal business hours, Your doctor may have several options for You. You should call Your doctor's office for instructions if You need care in the evenings, on weekends, or during the holidays and cannot wait until the office reopens.

- If Your condition is an Emergency, You should be taken to the nearest appropriate medical Facility. In the event of an Emergency call 911.
- Your coverage includes benefits for services rendered by Providers other than Network Providers when the condition treated is an Emergency, as defined in this EOC.

Relationship of Parties (Wellpoint and Network Providers)

The relationship between Wellpoint and Network Providers is an independent contractor relationship. Network Providers are not agents or employees of ours, nor is Wellpoint, or any employee of Wellpoint, an employee or agent of Network Providers.

Your healthcare Provider is solely responsible for all decisions regarding Your care and treatment, regardless of whether such care and treatment is a Covered Service under this Plan. We shall not be responsible for any claim or demand on account of damages arising out of, or in any manner connected with, any injuries suffered by You while receiving care from any Network Provider or for any injuries suffered by You while receiving care from any Network Provider's Facilities.

Your Network Provider's agreement for providing Covered Services may include financial incentives or risk sharing relationships related to the provision of services or referrals to other Providers, including Network Providers, Non-Network Providers, and disease management programs. If You have questions regarding such incentives or risk sharing relationships, please contact Your Provider or Us.

REQUESTING APPROVAL FOR BENEFITS

Your Plan includes the process of Utilization Review to decide when services are Medically Necessary or Experimental/Investigative as those terms are defined in this EOC. Utilization Review aids in the delivery of cost-effective healthcare by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed.

If You have any questions about the Utilization Review process, the medical policies or clinical guidelines, You may call the Member Service phone number on the back of Your Identification Card.

If a Covered Service is precertified by Us as Medically Necessary and the service has been provided, We may not deny or reduce payment to the Provider unless the Provider has materially misrepresented the proposed healthcare service or has substantially failed to perform the proposed healthcare service.

For benefits to be covered, on the date You get service:

1. You must be eligible for benefits;
2. Premium must be paid for the time period that services are given;
3. The service or supply must be a Covered Service under Your Plan;
4. The service cannot be subject to an exclusion under Your Plan; and
5. You must not have exceeded any applicable limits under Your Plan.

Types of Reviews

- **Pre-service Review** - A review of a service, treatment or admission for a benefit coverage determination which is done before the service or treatment begins or admission date.

Precertification - A required Pre-service Review for a benefit coverage determination for a service or treatment. Certain Services require Precertification in order for You to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of Medical Necessity or is Experimental/Investigative as those terms are defined in this EOC.

We may not require Precertification of a particular service if the Provider meets exemption criteria for certain healthcare services.

Provider may request a renewal of an existing Precertification up to 60 days before the Precertification expires. The decision on a renewal of a Precertification request must be made before the existing request expires, if practicable.

For admissions following Emergency Care, You, Your authorized representative or doctor must tell Us as soon as possible. For labor/childbirth admissions, Precertification is not required for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Admissions longer than 48/96 hours require concurrent review.

- **Continued Stay/Concurrent Review** - A Utilization Review of a service, treatment or admission for a benefit coverage determination which must be done during an ongoing stay in a Facility or course of treatment.

Both Pre-Service and Continued Stay/Concurrent Reviews may be considered urgent when, in the view of the treating Provider or any doctor with knowledge of Your medical condition, without such care or treatment, Your life or health or Your ability to regain maximum function could be seriously threatened or You could be subjected to severe pain that cannot be adequately managed without such care or treatment.

Urgent reviews are conducted under a shorter timeframe than standard reviews.

- **Post-service Review** - A review of a service, treatment or admission for a benefit coverage determination that is conducted after the service or supply has been provided. Post-service

reviews are performed when a service, treatment or admission did not need Precertification. Post-service reviews are done for a service, treatment or admission in which We have a related clinical coverage guideline and are typically initiated by Us.

Who is Responsible for Precertification

Typically, Network Providers know which services need Precertification and will get any Precertification when needed. Your Primary Care Physician and other Network Providers have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the ordering Provider, Facility or attending doctor (“requesting Provider”) will get in touch with Us to ask for a Precertification. However, You may request a Precertification, or You may choose an authorized representative to act on Your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for Precertification and under what circumstances.

Provider Network Status	Responsibility to Get Precertification	Comments
Network	Provider	The Provider must get Precertification when required
Non-Network	Member	<ul style="list-style-type: none"> The Member must get Precertification when required (call Member Services). The Member may be financially responsible for charges/costs related to the service and/or setting in whole or in part if the service and/or setting is found not to be Medically Necessary.
Note: Precertification is not required to receive Emergency Care. For Emergency Care admissions, You, Your authorized representative or doctor must tell Us as soon as possible.		

How Decisions are Made

We will use Our clinical coverage guidelines, such as medical policy, clinical guidelines, and other applicable policies and procedures to help make Our Medical Necessity decisions. This includes decisions about Prescription Drugs as detailed in the section “Prescription Drugs Administered by a Medical Provider”. Medical policies and clinical guidelines reflect the standards of practice and medical interventions identified as proper medical practice. We reserve the right to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning Your request. To ask for this information, call the Precertification phone number on the back of Your Identification Card.

If You are not satisfied with Our decision under this section of Your benefits, please refer to the “If You Have a Complaint or an Appeal” section to see what rights may be available to You.

Decision and Notice Requirements

We will review requests for benefits according to the timeframes listed below. The timeframes and requirements listed are based on state and federal laws. Where state laws are stricter than federal laws, We will follow state laws. You may call the phone number on the back of Your Identification Card for more details.

Type of Review	Time Frame Requirement for Decision and Notification
Prospective and Concurrent Adverse and Favorable	3 calendar days from receipt of request
Prospective and Concurrent Post-Stabilization or life-threatening condition	1 hour from receipt of request
Concurrent Hospitalization (adverse or favorable)	24 hours from receipt of request
Concurrent Hospitalization (adverse or favorable) Post-Stabilization or life-threatening condition	1 hour from receipt of request
Concurrent Prescription Drug or intravenous infusions (adverse)	30 days before discontinuation
Retrospective (adverse or favorable)	30 calendar days from receipt of request
Acquired Brain Injury	3 business days from receipt of request

For adverse determinations of urgent pre-service reviews of post-stabilization treatment or a life-threatening condition subsequent to emergency medical care telephonic or electronic notification will be provided within the appropriate time for the exigencies of the case, but in no case to exceed one (1) hour from receipt of request followed by a mailed letter within the lessor of three (3) business days or three (3) calendar days of receipt of request.

If more information is needed to make Our decision, We will tell the requesting Provider of the specific information needed to finish the review. If We do not get the specific information We need by the required time frame, We will make a decision based upon the information We have.

We will notify You and Your Provider of Our decision as required by state and federal law. Notice may be given by one or more of the following methods: verbal, written, and/or electronic.

Additional requirements related to getting approval for benefits can be found at www.wellpoint.com.

Important Information

We may, from time to time, waive, enhance, modify or discontinue certain medical management processes (including Utilization Review, case management, and disease management) and/or offer an alternative benefit if such change is in furtherance of the provision of cost effective, value based and/or quality services.

We may also select certain qualifying Providers to participate in a program that exempts them from certain procedural or medical management processes that would otherwise apply. We may also exempt Your claim from medical review if certain conditions apply.

Just because We exempt a process, Provider or claim from the standards which otherwise would apply, it does not mean that We will do so in the future, or will do so in the future for any other Provider, claim or Member. We may stop or modify any such exemption with or without advance notice.

You may find out whether a Provider is taking part in certain programs by checking Your on-line Provider Directory, on-line Precertification list, or contacting the Member Services number on the back of Your ID Card.

We also may identify certain Providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a Provider is selected under this program, then We may use one or more clinical Utilization Review guidelines in the review of claims submitted by this Provider, even if those guidelines are not used for all Providers delivering

services to the Plan's Members.

Health Plan Individual Case Management

Our health plan case management programs (Case Management) help coordinate services for Members with healthcare needs due to serious, complex, and/or chronic health conditions. Our programs coordinate benefits and educate Members who agree to take part in the Case Management program to help meet their health-related needs.

Our Case Management programs are confidential and voluntary and are made available at no extra cost to You. These programs are provided by, or on behalf of and at the request of, Your health plan case management staff. These Case Management programs are separate from any Covered Services You are receiving.

If You meet program criteria and agree to take part, We will help You meet Your identified healthcare needs. This is reached through contact and team work with You and/or Your chosen representative, treating doctor(s), and other Providers.

In addition, We may assist in coordinating care with existing community-based programs and services to meet Your needs. This may include giving You information about external agencies and community-based programs and services.

In certain cases of severe or chronic illness or injury, We may provide benefits for alternate care that is not listed as a Covered Service. We may also extend Covered Services beyond the benefit maximums of this Plan. We will make Our decisions case-by-case, if the alternate or extended benefit is in the best interest of the Member and Wellpoint. A decision to provide extended benefits or approve alternate care in one case does not obligate Us to provide the same benefits again to You or to any other Member. We reserve the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, We will notify You or Your representative in writing.

WHAT IS COVERED

This section describes the Covered Services available under this EOC. Covered Services are subject to all the terms and conditions listed in this EOC, including, but not limited to, benefit maximums, Deductibles, Coinsurance, Copayments, exclusions and Medical Necessity requirements.

Please read the following sections of this EOC for more information about the Covered Services described in this section:

- "Schedule of Cost Share and Benefits" - for amounts You need to pay and benefit limits
- "Requesting Approval for Benefits" - for details on selecting Providers and services that require prior authorization
- "What Is Not Covered (Exclusions)" - for details on services that are not covered

Benefits are listed alphabetically to make them easy to find. Please note that several sections may apply to Your claims. For example, if You have Inpatient surgery, benefits for Your Hospital stay will be described under "Hospital Services;" "Inpatient Hospital Care" and benefits for Your doctor's services will be described under "Inpatient Professional Services." As a result, You should read all sections that might apply to Your claims.

You should also know that many Covered Services can be received in several settings, including a doctor's office, an Urgent Care Center, an Outpatient Facility, or an Inpatient Facility. Benefits will often vary depending on where You choose to get Covered Services, and this can result in a change in the amount You need to pay.

Medical Services

Acquired Brain Injury

Treatment of acquired brain injury will be covered the same as any other physical condition. Cognitive rehabilitation therapy, cognitive communication therapy, neurocognitive therapy and rehabilitation; neurobehavioral, neurophysiological, neuropsychological and psychophysiological testing or treatment; neurofeedback therapy, remediation, post-acute transition services and community reintegration services, including outpatient day treatment services, or any other post-acute treatment services are covered, if such services are Medically Necessary as a result of and related to an acquired brain injury. To ensure that appropriate post-acute care treatment is provided, coverage for periodic reevaluation for a Member who:

1. Has incurred an acquired brain injury;
2. Has been unresponsive to treatment; and
3. Becomes responsive to treatment at a later date.

Services may be provided at a Hospital, an acute or post-acute rehabilitation Hospital, an assisted-living Facility or any other Facility at which appropriate services or therapies may be provided.

Ambulance Services (Air, Ground and Water)

Medically Necessary ambulance services are covered when:

- You are transported by a State licensed vehicle that is designed, equipped, and used only to transport the sick and injured and staffed by Emergency Medical Technicians (EMT), paramedics, or other certified medical professionals. This includes ground, fixed wing, rotary wing or water transportation;
- And one or more of the following are met:
 - You are taken:
 1. From Your home, scene of an accident or medical Emergency to a Hospital;
 2. Between Hospitals, including when We require You to move from a Non-Network Hospital to a Network Hospital; or
 3. Between a Hospital, Skilled Nursing Facility (ground transport only) or approved Facility.

You must be taken to the nearest Facility that can give care for Your condition. In certain cases We may approve benefits for transportation to a Facility that is not the nearest Facility.

Benefits also include Medically Necessary treatment of a sickness or an injury by medical professionals during ambulance service, even if You are not taken to a Facility.

Non-Network Providers may bill You for any charges that exceed the Plan's Maximum Allowed Amount except for Surprise Billing Claims.

Ground Ambulance

Services are subject to Medical Necessity review by Us.

All scheduled ground ambulance services for nonemergency transports, not including acute Facility to acute Facility transport, must be preauthorized.

Air and Water Ambulance

Air and water ambulance services are subject to Medical Necessity review by Us. We retain the right to select the air ambulance Provider. This includes fixed wing, rotary wing or water transportation.

Air ambulance services for nonemergency Hospital to Hospital transports must be preauthorized.

Hospital to Hospital Air Ambulance Transport

Air ambulance transport is for purposes of transferring from one Hospital to another Hospital and is a Covered Service if such air ambulance transport is Medically Necessary, for example, if transportation by ground ambulance would endanger Your health or the transferring Hospital does not have adequate Facilities to provide the medical services needed. Examples of such specialized medical services that are generally not available at all types of Facilities may include, but are not limited to: burn care, cardiac care, trauma care, and critical care. Transport from one Hospital to another Hospital is covered only if the Hospital to which the patient is transferred is the nearest one with medically appropriate Facilities.

Fixed and Rotary Wing Air Ambulance

Fixed wing or rotary wing air ambulance is furnished when Your medical condition is such that transport by ground ambulance, in whole or in part, is not appropriate. Generally, transport by fixed wing or rotary wing air ambulance may be necessary because Your condition requires rapid transport to a treatment Facility, and either great distances or other obstacles preclude such rapid delivery to the nearest appropriate Facility. Transport by fixed wing or rotary wing air ambulance may also be necessary because You are located in a place that is inaccessible to a ground or water ambulance Provider.

Autism Spectrum Disorder Services

Coverage is provided for the treatment of autism spectrum disorders. Treatment is limited to services prescribed by Your doctor in accordance with a treatment plan. "Autism spectrum disorder" means a neurological condition, including asperger's syndrome and autism, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association. Benefits for autism spectrum disorder will not apply towards and are not subject to any visit maximums. No benefit maximums will apply.

Individuals providing treatment prescribed under the treatment plan must be a healthcare Provider:

- Who is licensed, certified, or registered by an appropriate agency of the state of Texas or
- Whose professional credential is recognized and accepted by an appropriate agency of the United States.

Treatment may include the following services:

- Evaluation and assessment services;
- Screening at 18 and 24 months;
- Applied behavior analysis;
- Behavior training and behavior management;
- Speech therapy;
- Occupational therapy;
- Physical therapy; or
- Medications or nutritional supplements used to address symptoms of autism spectrum disorder.

Please see "Habilitative Services", "Rehabilitative Services", and "Therapy Services Inpatient or Outpatient".

Biomarker Testing

This Plan provides coverage for Medically Necessary Biomarker Testing when ordered by a Qualified Health Care Provider working within their scope of practice for the purpose of diagnosis, treatment, appropriate management, and ongoing monitoring of a Member's cancer when the test is supported by medical and scientific evidence, including but not limited to: a) Labeled indications from an FDA-approved or cleared biomarker test or medication; b) Indicated tests for an FDA-approved Drug; c) Warnings and precautions on FDA-approved Drug label; d) Centers for Medicare and Medicaid Services' national coverage determinations; e) A local coverage determination as defined at 42 C.F.R. Section 400.202; or f) Nationally recognized clinical practice guidelines or Consensus statements. "Biomarker"

means a characteristic that is objectively measured and evaluated as an indicator of a normal biological process, a pathogenic process or a pharmacological response to a specific therapeutic intervention and includes, without limitation: (1) An interaction between a gene and a drug that is being used by or considered for use by the patient; (2) A mutation or characteristic of a gene; and (3) The expression of a protein. Coverage for Biomarker Testing will be provided in a manner that limits disruption in care, including limiting the number of biopsies and biospecimen samples.

Clinical Trials

Benefits include coverage for services, such as routine patient care costs given to You as a participant in an approved clinical trial if the services are Covered Services under this Plan. An “approved clinical trial” means a phase I, phase II, phase III, or phase IV clinical trial that studies the prevention, detection, or treatment of cancer or other life-threatening conditions. The term life-threatening condition means any disease or condition from which death is likely unless the disease or condition is treated.

Benefits are limited to the following trials:

1. Federally funded trials approved or funded by one of the following:
 - a. The National Institutes of Health
 - b. The Centers for Disease Control and Prevention
 - c. The Agency for Health Care Research and Quality
 - d. The Centers for Medicare & Medicaid Services
 - e. Cooperative group or center of any of the entities described in (a) through (d) or the Department of Defense or the Department of Veterans Affairs
 - f. A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants
 - g. Any of the following in i-iii below if the study or investigation has been reviewed and approved through a system of peer review that the Secretary of Health and Human Services determines 1) to be comparable to the system of peer review of studies and investigations used by the National Institutes of Health, and 2) assures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review. The peer review requirement shall not be applicable to cancer clinical trials provided by i-iii below.
 - i. The Department of Veterans Affairs
 - ii. The Department of Defense
 - iii. The Department of Energy
2. Studies or investigations done as part of an investigational new drug application reviewed by the Food and Drug Administration (FDA)
3. Studies or investigations done for drug trials which are exempt from the investigational new drug application

Your Plan may require You to use a Network Provider to maximize Your benefits.

Routine patient care costs include items, services, and drugs provided to You in connection with an approved clinical trial and that would otherwise be covered by this Plan.

All requests for clinical trials services, including requests that are not part of approved clinical trials will be reviewed according to Our Clinical Coverage Guidelines, related policies and procedures.

Dental Services

Accident Related Dental Services

Outpatient services, doctor home visits and office services, Emergency Care and Urgent Care services received at an Urgent Care Center for dental work and oral surgery are covered if they are for the initial repair of an injury to the jaw, sound natural teeth, mouth or face which are required as a result of an accident, and are not excessive in scope, duration, or intensity to provide safe, adequate, and appropriate treatment without adversely affecting the patient's condition.

Developmental Delay Services

Covered Services include treatment for “developmental delays”, which means a significant variation in normal development as measured by appropriate diagnostic instruments and procedures in one or more of the following areas:

- Cognitive
- Physical
- Communication
- Social or emotional
- Adaptive

Treatment includes the Medically Necessary Rehabilitative and Habilitative therapies in accordance with an “individualized family service plan”, which is the initial and ongoing treatment plan developed and issued by the Interagency Council on Early Childhood Intervention under Chapter 73 of the Human Resources Code for a Dependent child with Developmental Delays, including:

- Occupational therapy evaluations and services;
- Physical therapy evaluations and services;
- Speech therapy evaluations and services; and
- Dietary or nutritional evaluations.

You must submit an individualized family service plan to Us before You receive any services, and again if the plan is changed. After a child is three years of age and services under the plan are completed, the standard contractual provisions in this EOC and any benefit exclusions or limitations will apply.

Diabetes Services

Benefits are provided for medical supplies, services, and equipment used in the treatment of diabetes, including diabetes self-management education programs.

Diabetes self-management training is covered for an individual with insulin dependent diabetes, non-insulin dependent diabetes, or elevated blood glucose levels induced by pregnancy or another medical condition when:

- Medically Necessary;
- Ordered in writing by a doctor or a podiatrist; and
- Provided by a healthcare professional who is licensed, registered, or certified under State law.

Emergency Care Services

If You are experiencing an Emergency please call 911 or visit the nearest Hospital for treatment.

Benefits are available in a Hospital Emergency room or independent freestanding Emergency department for services and supplies to treat the onset of symptoms for an Emergency, which is defined below.

Emergency (Emergency Medical Condition)

“Emergency” or “Emergency Medical Condition” means a medical or behavioral health condition of recent onset and sufficient severity, including, but not limited to, severe pain, that would lead a prudent layperson, possessing an average knowledge of medicine and health, to believe that his or her condition, sickness, or injury is of such a nature that not getting immediate medical care could result in: (a) placing the patient’s health or the health of another person in serious danger or, for a pregnant woman, placing the woman’s health or the health of her unborn child in serious danger; (b) serious impairment to bodily functions; or (c) serious dysfunction of any bodily organ or part. Such conditions include, but are not limited to, chest pain, stroke, poisoning, serious breathing problems, unconsciousness, severe burns or cuts, uncontrolled bleeding, or seizures and such other acute conditions.

Emergency Care means a medical or behavioral health exam done in the Emergency department of a Hospital or independent freestanding Emergency department and includes services routinely available in the Emergency department to evaluate an Emergency Medical Condition. It includes any further medical or behavioral health exams and treatment required to stabilize the patient.

Stabilize, with respect to an emergency medical condition, regardless of the department of the Hospital in which such further examination or treatment is furnished, means: To provide such medical treatment of the condition as may be necessary to assure, within reasonable medical probability that no material deterioration of the condition is likely to result from or occur during the transfer of the individual from a Facility. With respect to a pregnant woman who is having contractions, the term “stabilize” also means to deliver (including the placenta), if there is inadequate time to affect a safe transfer to another Hospital before delivery or transfer may pose a threat to the health or safety of the woman or the unborn child.

If You are admitted to the Hospital from the Emergency room, be sure that You or Your doctor calls Us as soon as possible. We will review Your care to decide if a Hospital stay is needed and how many days You should stay. If You or Your doctor does not call Us, You may have to pay for services that are determined to be not Medically Necessary.

Treatment You get after Your condition has stabilized is not Emergency Care. If You continue to get care from a Non-Network Provider, Covered Services will be covered at the Non-Network level unless We agree to cover them as an Authorized Service.

Habilitative Services

Habilitative Services are healthcare services and devices that help You keep, learn, or improve skills and functioning for daily living. Examples include therapy for a child who is not walking or talking at the expected age. These services may include physical and occupational therapy, speech-language pathology, and other services for people with disabilities in a variety of Inpatient and/or Outpatient settings.

Home Care Services

Benefits are available for Covered Services performed by a Home Health Care Agency or other provider in Your home. To be eligible for benefits, You must essentially be confined to the home, as an alternative to a Hospital stay or Skilled Nursing Facility stay, and be physically unable to get needed medical services on an Outpatient basis. Services must be prescribed by a doctor and the services must be so inherently complex that they can be safely and effectively performed only by qualified, technical, or professional health staff.

Covered Services include, but are not limited to:

- Visits by a licensed healthcare professional, including nursing services by an R.N. or L.P.N., a

therapist, or home health aide

- Medical/social services
- Diagnostic services
- Nutritional guidance
- Training of the patient and/or family/caregiver
- Home health aide services. You must be receiving skilled nursing or therapy. Services must be given by appropriately trained staff working for the home healthcare Provider. Other organizations may give services only when approved by Us, and their duties must be assigned and supervised by a professional nurse on the staff of the home healthcare Provider.
- Medical supplies
- Durable medical equipment
- Therapy services (except for manipulation therapy, which will not be covered when rendered in the home).

Benefits may also be available for Inpatient Hospital Care in Your home. These benefits are separate from the Home Care Services benefit and are described in the “Inpatient Hospital Care” section below.

Hospice Care

Hospice care is a coordinated plan of home, Inpatient and/or Outpatient care that provides palliative, supportive medical, psychological, psychosocial, and other health services to terminally ill patients.

Covered Services and supplies are those listed below if part of an approved treatment plan and when rendered by a Hospice provider for the palliative treatment of pain and other symptoms associated with a terminal disease. Palliative care means appropriate care which controls pain and relieves symptoms, but is not meant to cure a terminal illness.

- Care rendered by an Interdisciplinary team with the development and maintenance of an appropriate plan of care.
- Short-term Inpatient Facility care when required in periods of crisis or as respite care.
- Skilled nursing services and home health aide services provided by or under the supervision of a registered nurse.

In order to receive Hospice benefits (1) Your doctor and the Hospice medical director must certify that You are terminally ill and have approximately 12 months to live, and (2) Your doctor must consent to Your care by the Hospice and must be consulted in the development of Your treatment plan. You may access hospice care while also participating in a clinical trial or continuing disease modifying therapy, as ordered by Your treating Provider. Disease modifying therapy treats the underlying terminal illness. The Hospice must maintain a written treatment plan on file and furnish to Us upon request.

Covered Services beyond those listed above as ordered by Your treating Provider, may be available while in Hospice and are detailed in other sections of this EOC.

Hospital Services

Inpatient Hospital Care

Covered Services include acute care in a Hospital setting. Benefits for room, board, nursing and ancillary

When available in Your area, certain Providers have programs available that may allow You to receive Inpatient services in Your home instead of staying in a Hospital. To be eligible, Your condition and the Covered Services to be delivered must be appropriate for the home setting. Your home must also meet certain accessibility requirements. These programs are voluntary and are separate from the benefits under "Home Care Services." Your Provider will contact You if You are eligible, and provide You with details on how to enroll. If You choose to participate, the Cost Shares listed in Your "Schedule of Cost Share and Benefits" under "Hospital Services" will apply.

Note: Under federal law, We may not limit benefits for any Hospital length of stay for childbirth for the mother or newborn to less than 48 hours after vaginal birth, or less than 96 hours after a cesarean section (C-section). However, federal law as a rule does not stop the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours, or 96 hours, as applicable. In any case, as provided by federal law, We may not require a provider to get authorization from Us before prescribing a length of stay which is not more than 48 hours for a vaginal birth or 96 hours after a C-section. If the mother or newborn is discharged before the minimum hours of inpatient coverage have passed, We will provide coverage for post-delivery care for the mother and newborn. Post-delivery care may be provided at the mother's home or a participating Provider's office or facility

Physical medicine and rehabilitation services are a structured therapeutic program of an intensity that requires a multidisciplinary coordinated team approach to upgrade the patient's ability to function as independently as possible; including skilled rehabilitative nursing care, physical therapy, occupational therapy, speech therapy and services of a social worker or Psychologist.

Physical medicine and rehabilitation involves several types of therapy, not just physical therapy, and a coordinated team approach. The variety and intensity of treatments required is the major differentiation from an admission primarily for physical therapy.

Preventive Care Services

Preventive care services include screenings and other services for adults and children. All recommended preventive services will be covered as required by the Affordable Care Act (ACA) and applicable state law. This means many preventive care services are covered with no Deductible, Coinsurance or Copayments when You use a Network Provider.

Members may obtain a three-month supply of the covered Prescription Drug the first time and then a 12-month supply each subsequent time. Some categories and classes of contraceptives do not have Generics available and, in each of these categories, at least one Brand Drug is available at a \$0 Cost Sharing when You receive it from a Network Provider. If Your Provider determines that a Brand Drug with an available Generic therapeutic equivalent is necessary because a Generic therapeutic equivalent drug is not appropriate for You, You may obtain coverage of the Brand Drug with a \$0 Cost Sharing if Your Provider submits an exception request to receive prior approval. Your doctor must complete a contraceptive exception form and return it to Us. You or Your doctor can find the form online at www.wellpoint.com or by calling the number listed on the back of Your ID Card. If Medical Necessity has been determined by Your Provider, an exception will be granted and coverage of the drug will be provided at \$0 Cost Sharing. Transplant: Human Organ and Bone Marrow/Stem Cell/Cord Blood

This section describes benefits for certain covered transplant procedures that You get during the transplant benefit period. Any Covered Services related to a covered transplant procedure, received before or after the transplant benefit period, are covered under the regular Inpatient and Outpatient benefits described elsewhere in this EOC.

Covered Transplant Procedure

A covered transplant procedure is any Medically Necessary human organ and bone marrow/stem cell/cord blood transplants and infusions as determined by Us, including necessary acquisition procedures, mobilization, collection and storage, and including Medically Necessary myeloablative or reduced intensity preparative chemotherapy or radiation therapy or a combination of these therapies.

The initial evaluation, any added tests to determine Your eligibility as a candidate for a transplant by Your Provider, and the collection and storage of bone marrow/stem cells are included in the covered transplant procedure benefit regardless of the date of service.

Unrelated Donor Searches

Your Plan includes Human Leukocyte Antigen (HLA) testing, also referred to as histocompatibility locus antigen testing, for A, B and DR antigens, for use in bone marrow transplantation per transplant. The testing must be done at an accredited Facility.

When approved by Us, Your coverage includes benefits for unrelated donor searches for bone marrow/stem cell/cord blood transplants performed by an authorized licensed registry for bone marrow/stem cell/cord blood transplants for a covered transplant procedure. Donor search charges are limited to the 10 best matched donors per transplant, identified by an authorized registry.

Live Donor Health Services

Medically Necessary charges for the procurement, performed by an authorized licensed registry for bone marrow/stem cell/cord blood transplants, of an organ from a live donor are covered up to the Maximum Allowed Amount, including complications from the donor procedure for up to six weeks from the date of procurement. A live donor is a person who provides the organ, part of an organ, or tissue for transplantation while alive to another person.

Transplant Benefit Period

The transplant benefit period starts one day prior to a covered transplant solid organ procedure and one day prior to high dose chemotherapy or preparative regimen for bone marrow stem cell transplants and continues for the applicable case rate/global time period. The number of days will vary depending on the type of transplant received and the Network transplant Provider agreement. Contact the Case Manager for specific Network transplant Provider information for services received at or coordinated by a Network transplant Provider Facility. Services received from a Non-Network transplant Facility start on the day of the covered transplant procedure and continue to the date of discharge.

Prior Approval and Precertification

In order to maximize Your benefits, You will need to call Our Transplant Department to discuss benefit coverage when it is determined a transplant may be needed. You must do this before You have an evaluation and/or work-up for a transplant. We will assist You in maximizing Your benefits by providing coverage information, including details regarding what is covered and whether any clinical coverage

guidelines, medical policies, Network transplant Provider requirements, or exclusions are applicable. Please call Us to find out which Hospitals are Network Transplant Providers. Contact the Member Services telephone number on the back of Your Identification Card and ask for the transplant coordinator. Even if We issue a prior approval for the covered transplant procedure, You or Your Provider must call Our Transplant Department for precertification prior to the transplant whether this is performed in an Inpatient or Outpatient setting.

Precertification is required before We will cover benefits for a transplant. Your doctor must certify, and We must agree, that the transplant is Medically Necessary. Your doctor should send a written request for Precertification to Us as soon as possible to start this process. Please see the “Requesting Approval for Benefits” section for how to obtain Precertification.

Please note that there are instances where Your Provider requests approval for human leukocyte antigen (HLA) testing, donor searches and/or a collection and storage of stem cells prior to the final determination as to what transplant procedure will be requested. Under these circumstances, the HLA testing and donor search charges are covered as routine diagnostic testing. The collection and storage request will be reviewed for Medical Necessity and may be approved. However, such an approval for HLA testing, donor search services performed by an authorized registry and/or a collection and storage is NOT an approval for the subsequent requested transplant. A separate Medical Necessity determination will be made for the transplant procedure.

Transportation and Lodging

We will provide assistance with reasonable and necessary travel expenses as determined by Us when You obtain prior approval and are required to travel more than 75 miles from Your residence to reach the Facility where Your transplant evaluation and /or transplant work-up and covered transplant procedure will be performed. Our assistance with travel expenses includes transportation to and from the Facility and lodging for the patient and one companion. Travel costs for the donor are generally not covered, unless We make an exception and approve them in advance of the procedure. If the Member receiving treatment is a minor, then reasonable and necessary expenses for transportation and lodging may be allowed for two companions. The Member must submit itemized receipts for transportation and lodging expenses in a form satisfactory to Us when claims are filed. Contact Us for detailed information.

For lodging and ground transportation benefits, We will provide a maximum benefit up to the current limits set forth in the Internal Revenue Code.

The human organ and bone marrow/stem cell/cord blood transplant services benefits or requirements described above do not apply to the following:

- Cornea, ventricular assist devices; and
- Any Covered Services, related to a covered transplant procedure, received prior to or after the transplant benefit period. Please note that the initial evaluation and any necessary additional testing to determine Your eligibility as a candidate for transplant by Your Provider and the mobilization, collection and storage of bone marrow/stem cells is included in the covered transplant procedure benefit regardless of the date of service.

The above services are covered as Inpatient services, Outpatient services or doctor home visits and office services depending where the service is performed and are subject to Member Cost Shares.

Urgent Care Services

Often an urgent rather than an Emergency health problem exists. An urgent health problem is an unexpected illness or injury that calls for care that cannot wait until a regularly scheduled office visit. Urgent health problems are not life threatening and do not call for the use of an Emergency Room. Urgent health problems include earache, sore throat, and fever (not above 104 degrees). Benefits for Urgent Care may include:

- X-ray services
- Care for broken bones
- Tests such as flu, urinalysis, pregnancy test, rapid strep

- Laboratory services
- Stitches for simple cuts; and
- Draining an abscess

Prescription Drugs

This section describes how You can obtain covered Prescription Drugs administered by a medical Provider or through a Retail Pharmacy, Our Home Delivery Pharmacy, or Our Specialty Pharmacy. Please see the information below that describes how Prescription Drugs are covered.

Prescription Drugs Administered by a Medical Provider

Your Plan covers Prescription Drugs, including Specialty Drugs, that must be administered to You as part of a doctor's visit, home care visit, or at an Outpatient Facility and are Covered Services. This may include drugs for infusion therapy, chemotherapy, blood products, certain injectables, and any drug that must be administered by a Provider. This section applies when a Provider orders the drug and a medical Provider administers it to You in a medical setting. Benefits for drugs that You inject or get through Your Pharmacy benefit (i.e., self-administered drugs) are not covered under this section. Benefits for those drugs are described in the "Prescription Drug Benefit at a Retail or Home Delivery Pharmacy" section.

Important Details About Prescription Drug Coverage

Your Plan includes certain features to determine when Prescription Drugs should be covered, which are described below. As part of these features, Your prescribing doctor may be asked to give more details before We can decide if the Prescription Drug is eligible for coverage. In order to determine if the Prescription Drug is eligible for coverage, We have established criteria.

The criteria which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration;
- Specific clinical criteria (including, but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease);
- Specific Provider qualifications (including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies));
- Step therapy requiring one drug, drug regimen or treatment be used prior to use of another drug, drug regimen or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated; step therapy does not apply to prescription drugs associated with the treatment of stage-four advanced, metastatic cancer. Step therapy will not apply to Prescription Drugs used for the treatment or diagnosis of a serious mental illness if the Member is age 18 or older.
- Use of a Wellpoint Prescription Drug List (a formulary developed by Wellpoint which is a list of drugs that have been reviewed and recommended for use based on their quality and cost effectiveness).

Note: If We do not deny an exception request as it pertains to step therapy of a prescription drug before 72 hours after We receive the request, the request will be considered granted. If the prescribing Provider believes death or serious harm is probable, the request will be considered granted if We do not deny the request before 24 hours.

Precertification

Precertification may be required for certain Prescription Drugs to make sure proper use and guidelines for Prescription Drug coverage are followed. We will give the results of Our decision to both You and Your Provider.

For a list of Prescription Drugs that need Precertification, please call the phone number on the back of Your Identification Card. The list will be reviewed and updated from time to time. Including a Prescription Drug or related item on the list does not guarantee coverage under Your Plan. Your Provider may check with Us to verify Prescription Drug coverage, to find out which drugs are covered under this section and if any drug edits apply.

Please refer to the section "Requesting Approval for Benefits" for more details.

If Precertification is denied, You have the right to file a grievance as outlined in the “If You Have a Complaint or an Appeal” section of this EOC.

Designated Pharmacy Provider

Wellpoint may establish one or more designated Pharmacy Provider programs which provide specific Pharmacy services (including shipment of Prescription Drugs) to Members. A Network Provider is not necessarily a designated Pharmacy Provider. To be a designated Pharmacy Provider, the Network Provider must have signed a designated Pharmacy Provider Agreement with Us. You or Your Provider can contact Member Services to learn which Pharmacy or Pharmacies are part of a designated Pharmacy Provider program.

For Prescription Drugs that are shipped to You or Your Provider and administered in Your Provider's office, You and Your Provider are required to order from a designated Pharmacy Provider. A Patient Care Coordinator will work with You and Your Provider to obtain Precertification and to assist shipment to Your Provider's office.

We may also require You to use a designated Pharmacy Provider to obtain Specialty Drugs for treatment of certain clinical conditions such as hemophilia. We reserve Our right to modify the list of Prescription Drugs as well as the setting and/or level of care in which the care is provided to You. Wellpoint may, from time to time, change with or without advance notice, the designated Pharmacy Provider for a drug, if such change can help provide cost effective, value based and/or quality services. However, a Prescription Drug will not be removed from Our Formulary during the Plan Year, except when the FDA determines that such Prescription Drug should be removed from the market. Before We remove a Prescription Drug from Our Formulary at the beginning of the upcoming Plan Year, We will provide at least 60 days written notice prior to the start of the Plan Year. We will also post such notice on Our website at www.wellpoint.com

If You are required to use a designated Pharmacy Provider and You choose not to obtain Your Prescription Drug from a designated Pharmacy Provider, coverage will be provided at the Non-Network level.

You can get the list of the Prescription Drugs covered under this section by calling Pharmacy Member Services at the phone number on the back of Your Identification Card or check Our web site at www.wellpoint.com.

Therapeutic Equivalents

Therapeutic Equivalents is a program that tells You and Your doctor about alternatives to certain prescribed drugs. We may contact You and Your doctor to make You aware of these choices. Only You and Your doctor can determine if the therapeutic equivalent is right for You. For questions or issues about therapeutic drug equivalents, call Pharmacy Member Services at the phone number on the back of Your Identification Card.

Prescription Drug Benefit at a Retail, Home Delivery, or Specialty Pharmacy

Your Plan also includes benefits for Prescription Drugs You get at a Retail, Home Delivery, or Specialty Pharmacy. We use a Pharmacy Benefits Manager (PBM) to manage these benefits. The PBM has a network of Retail Pharmacies, a Home Delivery Pharmacy, and a Specialty Pharmacy. The PBM works to make sure drugs are used properly. This includes checking that Prescriptions are based on recognized and appropriate doses and checking for drug interactions or pregnancy concerns.

Note: Benefits for Prescription Drugs, including Specialty Drugs, which are administered to You by a medical Provider in a medical setting (e.g., doctor's office visit, home care visit, or Outpatient Facility) are covered under the “Prescription Drugs Administered by a Medical Provider” benefit. Please read that section for important details.

Prescription Drug Benefits

Prescription Drug benefits may require Prior Authorization to determine if Your drugs should be covered. Your Network pharmacist will be told if Prior Authorization is required and if any additional details are needed for Us to decide benefits.

Prior Authorization

Prior authorization is the process of getting benefits approved before certain Prescriptions can be filled.

Prescribing Providers must obtain prior authorization for drug edits in order for You to get benefits for certain drugs. At times, Your Provider will initiate a prior authorization on Your behalf before Your Pharmacy fills Your Prescription. At other times, the Pharmacy may make You or Your Provider aware that a prior authorization or other information is needed. In order to determine if the Prescription Drug is eligible for coverage, We have established criteria.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration;
- Specific clinical criteria (including, but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease);
- Specific Provider qualifications (including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies));
- Step therapy requiring one drug, drug regimen or treatment be used prior to use of another drug, drug regimen or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated;
- Use of a Prescription Drug List (as described below).

For certain covered drugs, Your Provider needs to get approval from Us before We will cover the drug. The requirement for getting approval in advance guides appropriate use of certain drugs and makes sure they are Medically Necessary. We will not require more than one prior authorization annually for a Prescription Drug prescribed to treat an autoimmune disease, hemophilia, or Von Willebrand disease.

You or Your Provider can get the list of the drugs that require prior authorization by calling Pharmacy Member Services at the phone number on the back of Your Identification Card or check Our web site at www.wellpoint.com. The list will be reviewed and updated from time to time. Including a Prescription Drug or related item on the list does not guarantee coverage under Your Plan. Your Provider may check with Us to verify Prescription Drug coverage, to find out which drugs are covered under this section and if any drug edits apply.

Wellpoint may, from time to time, waive, enhance, change or end certain prior authorization and/or alternate benefits if such change furthers the provision of cost effective, value based and/or quality services.

If prior authorization is denied, You have the right to file a grievance as outlined in the “If You Have a Complaint or an Appeal” section of this EOC.

Covered Prescription Drugs

To be a Covered Service, Prescription Drugs must be approved by the FDA and, under federal law, require a Prescription. Prescription Drugs must be prescribed by a licensed Provider and You must get them from a licensed Pharmacy. Controlled Substances must be prescribed by a licensed Provider with an active Drug Enforcement Administration (DEA) license.

Benefits are available for the following:

- Prescription Drugs from either a Retail Pharmacy or the PBM's Home Delivery Pharmacy;
- Specialty Drugs;
- Self-administered drugs. These are drugs that do not need administration or monitoring by a Provider in an office or Facility. Injectables and infused drugs that need Provider administration and/or supervision are covered under the “Prescription Drugs Administered by a Medical Provider” benefit;
- Self-injectable insulin and supplies and equipment used to administer insulin;
- Self-administered contraceptives, including oral contraceptive drugs, self-injectable contraceptive drugs, contraceptive patches, and contraceptive rings; certain contraceptives are

covered under the “Preventive Care Services” benefit. Please see that section for more details.

- Flu shots (including administration);
- Amino Acid-Based Elemental Formulas. Formulas, regardless of the formula delivery method use for the diagnosis and treatment of:
 - immunoglobulin E and non-immunoglobulin E mediated allergies to multiple food proteins;
 - severe food protein-induced enterocolitis syndromes;
 - eosinophilic disorders, as evidenced by the results of biopsy; and
 - disorders affecting the absorptive surface, functional length, and motility of the gastrointestinal tract;
- Prescription eye drops with coverage for accelerated refills when Medically Necessary;
- Certain Legend Drugs, including orally administered anticancer medication, may also be used for treatment of cancer even though it has not been approved by the Food and Drug Administration (FDA) for treatment of a specific type of cancer, if the following conditions are met:
 - the off-label use of the FDA approved drug is supported for the treatment of cancer by the authoritative reference compendia identified by the Department of Health and Human Services; and
 - the condition being treated is covered under this EOC.

Where You Can Get Prescription Drugs

Network Pharmacy

You can visit one of the local Retail Pharmacies in Our Network. Give the Pharmacy the Prescription from Your doctor and Your Identification Card and they will file Your claim for You. You will need to pay any Copayment, Coinsurance, and/or Deductible that applies when You get the drug. If You do not have Your Identification Card, the Pharmacy will charge You the full retail price of the Prescription and will not be able to file the claim for You. You will need to ask the Pharmacy for a detailed receipt and send it to Us with a written request for payment.

Note: If We determine that You may be using Prescription Drugs in a harmful or abusive manner, or with harmful frequency, Your selection of Network Pharmacies may be limited. If this happens, We may require You to select a single Network Pharmacy that will provide and coordinate all future Pharmacy services. Benefits will only be paid if You use the single Network Pharmacy. We will contact You if We determine that use of a single Network Pharmacy is needed and give You options as to which Network Pharmacy You may use. If You do not select one of the Network Pharmacies We offer within 31 days, We will select a single Network Pharmacy for You. If You disagree with Our decision, You may ask Us to reconsider it as outlined in the “If You have a Complaint or an Appeal” section of this EOC.

In addition, if We determine that You may be using Controlled Substance Prescription Drugs in a harmful or abusive manner, or with harmful frequency, Your selection of Providers for Controlled Substance Prescriptions may be limited. If this happens, We may require You to select a single Network Provider that will provide and coordinate all Controlled Substance Prescriptions. Benefits for Controlled Substance Prescriptions will only be paid if You use the single Network Provider. We will contact You if We determine that use of a single Network Provider is needed and give You options as to which Network Provider You may use. If You do not select one of the Network Providers We offer within 31 days, We will select a single Network Provider for You. If You disagree with Our decision, You may ask Us to reconsider it as outlined in the “If You have a Complaint or an Appeal” section of this EOC.

Non-Network Pharmacy

You may also use a Pharmacy that is not in Our Network. You will be charged the full retail price of the drug and You will have to send Your claim for the drug to Us (Non-Network Pharmacies will not file the claim for You). You can get a claims form from Us or the PBM. You must fill in the top section of the form and ask the Non-Network Pharmacy to fill in the bottom section. If the bottom section of this form cannot be filled out by the pharmacist, You must attach a detailed receipt to the claim form. The receipt

must show:

- Name and address of the Non-Network Pharmacy;
- Patient's name;
- Prescription number;
- Date the prescription was filled;
- Name of the drug;
- Cost of the drug;
- Quantity (amount) of each covered drug or refill dispensed.

You must pay the amount shown in the "Schedule of Cost Share and Benefits." This is based on the Maximum Allowed Amount as determined by Our normal or average contracted rate with Network Pharmacies on or near the date of service.

Specialty Pharmacy

We keep a list of Specialty Drugs that may be covered based upon clinical findings from the Pharmacy and Therapeutics (P&T) Process, and where appropriate, certain clinical economic reasons. This list will change from time to time. We may require You or Your doctor to order certain Specialty Drugs from the PBM's Specialty Pharmacy.

When You use the PBM's Specialty Pharmacy its patient care coordinator will work with You and Your doctor to get prior authorization and to ship Your Specialty Drugs to Your home or Your preferred address. Your patient care coordinator will also tell You when it is time to refill Your Prescription.

You can get the list of covered Specialty Drugs by calling Pharmacy Member Services at the phone number on the back of Your Identification Card or check Our web site at www.wellpoint.com.

Clinician-administered drugs

If You have a chronic, complex, rare, or life-threatening medical condition, We may not:

- require clinician-administered drugs be dispensed only by a Network Pharmacy;
- if a clinician-administered drug is otherwise covered, limit or exclude coverage for such drugs based on Your choice of Pharmacy or because the drug was not dispensed by a Network Pharmacy;
- require a Network Provider to bill for or be reimbursed for the delivery and administration of clinician-administered drugs under the Pharmacy benefit instead of the medical benefit without:
 - Your informed written consent;
 - a written statement by your Provider that a delay in the drug's administration will not place You at an increased health risk;
 - require that You pay an additional fee for clinician-administered drugs based on Your choice of Pharmacy or because the drug was not dispensed by a Network Pharmacy

Your Provider must determine that:

- a delay of care would make disease progression probable
- the use of a Network Pharmacy would:
 - make death or harm to You probable
 - potentially cause a barrier to Your adherence to or compliance with Your plan of care
 - because of the timeliness of the delivery or dosage requirements, necessitate delivery by a different Pharmacy

When You Order Your Prescriptions Through the PBM's Specialty Pharmacy

You can only have Your Prescription for a Specialty Drug filled through PBM's Specialty Pharmacy. Specialty Drugs are limited to a 30-day supply per fill. The PBM's Specialty Pharmacy will deliver Your Specialty Drugs to You by mail or common carrier for self-administration in Your home. You cannot pick

up Your medication at Wellpoint.

Specialty Pharmacy Program

If You are out of a Specialty Drug which must be obtained through the PBM's Specialty Pharmacy program, We will authorize an override of the Specialty Pharmacy Program requirement for 72-hours, or until the next business day following a holiday or weekend to allow You to get a 72-hour emergency supply of medication, or the smallest packaged quantity, whichever is greater, if Your doctor decides that it is appropriate and Medically Necessary. You may have to pay the applicable Copayment /Coinsurance, if any.

If You order Your Specialty Drug through the PBM's Specialty Pharmacy and it does not arrive, if Your doctor decides that it is Medically Necessary for You to have the drug immediately, We will authorize an override of the Specialty Pharmacy Program requirement for a 30-day supply or less to allow You to get an emergency supply of medication from a participating Pharmacy near You. A Member Services representative from the PBM's Specialty Pharmacy will coordinate the exception and You will not be required to pay additional Coinsurance .

Home Delivery Pharmacy

The PBM also has a Home Delivery Pharmacy which lets You get certain drugs by mail if You take them on a regular basis (Maintenance Medication). You can have Your doctor send Prescriptions electronically, via fax or phone call, or You can submit written Prescriptions from Your doctor to the Home Delivery Pharmacy. Your doctor may also call the Home Delivery Pharmacy.

Maintenance Medication

Maintenance Medication is a drug You take on a regular basis to treat or control a chronic illness such as heart disease, high blood pressure, epilepsy, or diabetes. Emergency refills of insulin and insulin-related equipment will be covered in the same manner as non-emergency refills. If You are not sure the Prescription Drug You are taking is a Maintenance Medication, please call Pharmacy Member Services at the number on the back of Your Identification Card or check Our website at www.wellpoint.com for more details.

For Members taking multiple maintenance medications, the PBM has a process that allows medications to be refilled on the same date resulting in less refill requests, lower risk of running out of Your Prescriptions, and allowing for pro-rated cost sharing when You receive a partial supply of certain medications.

When using Home Delivery, We suggest that You order Your refill two weeks before You need it to avoid running out of Your medication. For any questions concerning the Home Delivery program, You can call Pharmacy Member Services toll-free at 833-236-6196.

The Prescription must state the dosage and Your name and address; it must be signed by Your doctor.

The first Home Delivery Prescription You submit must include a completed patient profile form. This form will be sent to You upon becoming eligible for this program. Any subsequent Home Delivery Prescriptions for that Insured need only the Prescription and payment enclosed.

You must authorize the pharmacist to release information needed in connection with the filling of a Prescription to the designated Home Delivery Prescription Drug program.

Note: Some Prescription Drugs and/or medicines are not available or are not covered for purchase through the Home Delivery Prescription Drug program including, but not limited to, antibiotics, drugs not on the Prescription Drug List, drugs and medications to treat Infertility, impotence and/or sexual dysfunction, injectables, including Self-Administered Injectables except Insulin. Please check with the Home Delivery Prescription Drug program Member Services department at 833-236-6196 for availability of the drug or medication.

What You Pay for Prescription Drugs

Tiers

Your share of the cost for Prescription Drugs may vary based on the tier the drug is in.

- **Tier 1 Drugs** have the lowest Coinsurance or Copayment. This tier contains low cost and preferred drugs that may be Generic, single source Brand Drugs, Biosimilars, Interchangeable Biologic Products, or multi-source Brand Drugs.

Certain low cost drugs, on Tier 1, may be available to Members at no Cost Share. These drugs are listed on Our Prescription Drug List (formulary).

- **Tier 2 Drugs** have a higher Coinsurance or Copayment than those in tier 1. This tier may contain preferred drugs that may be Generic, single source, Biosimilars, Interchangeable Biologic Product or multi-source Brand Drugs.
- **Tier 3 Drugs** have a higher Coinsurance or Copayment than those in tier 2. This tier may contain higher cost, preferred, and non-preferred drugs that may be Generic, single source, Biosimilars, Interchangeable Biologic Product or multi-source Brand Drugs.
- **Tier 4 Drugs** have a higher Coinsurance or Copayment than those in tier 3. This tier may contain higher cost, preferred, and non-preferred drugs that may be Generic, single source, Biosimilars, Interchangeable Biologic Product or multi-source Brand Drugs.

How Copayments/Coinsurance Amounts Apply

If the allowable amount of the drug is less than the Copayment /Coinsurance, You pay the lower cost. When that lower cost is more than the amount You would pay if You purchased the drug without using Your pharmacy benefits or any other source of drug benefits or discounts, You pay the purchase price.

Prescription Drug List

We also have a Prescription Drug List (a formulary) which is a list of drugs that have been reviewed and recommended for use based on their quality and cost effectiveness. Benefits may not be covered for certain drugs if they are not on the Prescription Drug List.

The Prescription Drug List is developed by Us based upon clinical findings, and where proper, the cost of the drug relative to other drugs in its therapeutic class or used to treat the same or similar condition. It is also based on the availability of over-the-counter medicines, Generic Drugs, the use of one drug over another by Our Members, and where proper, certain clinical economic reasons.

If You have a question regarding whether a drug is on the Prescription Drug List, please refer to Our web site at www.wellpoint.com.

We retain the right to decide coverage based upon medication dosages, dosage forms, manufacturer and administration methods (i.e. oral, injected, topical, or inhaled) and may cover one form instead of another as Medically Necessary.

This Plan limits Prescription Drug coverage to those Prescription Drugs listed on Our Prescription Drug List. This formulary contains a limited number of Prescription Drugs and may be different than the formulary for other Wellpoint products. Benefits may not be covered for certain Prescription Drugs if they are not on the Prescription Drug list. Generally, it includes select Generic Drugs with limited Brand Drug coverage. This list is subject to periodic review and modification by Wellpoint. We may add or delete Prescription Drugs from this Prescription Drug List from time to time. Inclusion of a drug or related item on the covered Prescription Drug List is not a guarantee of coverage. A description of the Prescription Drugs that are listed on this Prescription Drug List is available upon request and at www.wellpoint.com

Exception Request for a Drug not on the Prescription Drug List

If You or Your doctor believe You need a Prescription Drug that is not on the Prescription Drug List, please have Your doctor or pharmacist get in touch with Us. We will cover the other Prescription Drug only if We agree that it is Medically Necessary and appropriate over the other drugs that are on the Prescription Drug List. We will make a coverage decision within 72 hours of receiving Your request. If We approve the coverage of the drug, coverage of the drug will be provided for the duration of Your Prescription, including refills. If We deny coverage of the drug, You have the right to request an external review by an Independent Review Organization (IRO). The IRO will make a coverage decision within 72 hours of receiving Your request. If the IRO approves the coverage of the drug, coverage of the drug will

be provided for the duration of Your Prescription, including refills.

You or Your doctor may also submit a request for a Prescription Drug that is not on the Prescription Drug List based on exigent circumstances. Exigent circumstances exist if You are suffering from a health condition that may seriously jeopardize Your life, health, or ability to regain maximum function, or if You are undergoing a current course of treatment using a drug not covered by the Plan. We will make a coverage decision within 24 hours of receiving Your request. If We approve the coverage of the drug, coverage of the drug will be provided for the duration of the exigency. If We deny coverage of the drug, You have the right to request an external review by an IRO. The IRO will make a coverage decision within 24 hours of receiving Your request. If the IRO approves the coverage of the drug, coverage of the drug will be provided for the duration of the exigency.

Coverage of a drug approved as a result of Your request or Your doctor's request for an exception will only be provided if You are a Member enrolled under the Plan.

Drug Utilization Review

If there are patterns of over utilization or misuse of drugs, We will notify Your personal doctor and Your pharmacist. We reserve the right to limit benefits to prevent over utilization of drug.

Additional Features of Your Prescription Drug Pharmacy Benefit

Day Supply and Refill Limits

Certain day supply limits apply to Prescription Drugs as listed in the "Schedule of Cost Share and Benefits." In most cases, You must use a certain amount of Your Prescription before it can be refilled. In some cases We may let You get an early refill. For example, We may let You refill Your Prescription early if it is decided that You need a larger dose. We will work with the Pharmacy to decide when this should happen.

If You are going on vacation and You need more than the day supply allowed, You should ask Your pharmacist to call Our PBM and ask for an override for one early refill. If You need more than one early refill, please call Pharmacy Member Services at the number on the back of Your Identification Card.

Therapeutic Equivalents

Therapeutic Equivalents is a program that tells You and Your doctor about alternatives to certain prescribed drugs. We may contact You and Your doctor to make You aware of these choices. Only You and Your doctor can determine if the therapeutic equivalent is right for You. For questions or issues about therapeutic drug equivalents, call Pharmacy Member Services at the phone number on the back of Your Identification Card.

Split Fill Dispensing Program

The Split Fill Dispensing Program is designed to prevent and/or minimize wasted Prescription Drugs if Your Prescription Drugs or dose changes between fills, by allowing only a portion of Your Prescription to be filled. This program also saves You out-of-pocket expenses.

The Prescription Drugs that are included under this program have been identified as requiring more frequent follow up to monitor response to treatment and potential reactions or side-effects. You can access the list of these Prescription drugs by calling 833-476-1458 on Your Member ID card or log on to the Member web site at www.wellpoint.com

Special Programs

Except where prohibited by federal regulations (such as HSA rules), from time to time We may offer programs to support the use of more cost-effective or clinically effective Prescription Drugs including Generic Drugs, Home Delivery drugs, over-the-counter drugs or preferred products. Such programs may reduce or waive Copayments or Coinsurance for a limited time. In addition, We may allow access to

network rates for drugs not listed on Our Prescription Drug List.

Rebate Impact on Prescription Drugs You Get at Retail or Home Delivery Pharmacies

Wellpoint and/or its PBM may also, from time to time, enter into agreements that result in Wellpoint receiving rebates or other funds ("rebates") directly or indirectly from Prescription Drug manufacturers, Prescription Drug distributors or others.

You will be able to take advantage of a portion of the cost savings anticipated by Wellpoint from rebates on Prescription Drugs purchased by You from Retail, Home Delivery, or Specialty Pharmacies under this section. If the Prescription Drug purchased by You is eligible for a rebate, most of the estimated value of that rebate will be used to reduce the Maximum Allowed Amount for the Prescription Drug. Any Deductible or Coinsurance would be calculated using that reduced amount. The remaining value of that rebate will be used to reduce the cost of coverage for all Members enrolled in coverage of this type.

It is important to note that not all Prescription Drugs are eligible for a rebate, and rebates can be discontinued or applied at any time based on the terms of the rebate agreements. Because the exact value of the ultimate rebate will not be known at the time You purchase the Prescription Drug, the amount the rebate applied to Your claim will be based on an estimate. Payment on Your claim will not be adjusted if the later determined rebate value is higher or lower than Our original estimate.

Pediatric Vision Care

These vision care services are covered for Members until the end of the month in which they turn 19. To get Network benefits, use a Wellpoint Vision eye care Provider. For help finding one, try “Find a Doctor” on Our web site, or call Us at the number on Your ID card.

Routine Eye Exam

This EOC covers a complete routine eye exam with dilation if needed. The exam is used to check all aspects of Your vision.

Eyeglass Lenses

Standard plastic (CR39) eyeglass lenses up to 55mm are covered, whether they are single vision, bifocal, trifocal (FT 25-28), or lenticular.

There are a number of additional covered lens options that are available through Your Wellpoint Vision Provider. See the “Schedule of Cost Share and Benefits” for the list of covered lens options.

Frames

Your Wellpoint Vision Provider will have a collection of frames for You to choose from. They can tell You which frames are included at no extra charge — and which ones will cost You more.

Contact Lenses

Each Year, You get a lens benefit for eyeglass lenses, non-elective contact lenses or elective contact lenses. But You can only get one of those three options in a given Year. Your Wellpoint Vision Provider will have a collection of contact lenses for You to choose from. They can tell You which contacts are included at no extra charge — and which ones will cost You more.

Elective contact lenses are ones You choose for comfort or appearance.

Non-elective contact lenses are ones prescribed for certain eye conditions:

- Keratoconus where the patient is not correctable to 20/40 in either or both eyes using standard spectacle lenses
- High ametropia exceeding -12D or +9D in spherical equivalent
- Anisometropia of 3D or more
- For patients whose vision can be corrected three lines of improvement on the visual acuity chart when compared to best corrected standard spectacle lenses.

Note: We will not pay for non-elective contact lenses for any Member who has had elective corneal surgery, such as radial keratotomy (RK), photorefractive keratectomy (PRK), or LASIK.

Low Vision

Low vision is when You have a significant loss of vision, but not total blindness. Your Plan covers services for this condition when You go to a Wellpoint Vision eye care Provider who specializes in low vision. They include a comprehensive low vision exam (instead of a routine eye exam), optical/non-optical aids or supplemental testing.

HOW YOUR CLAIMS ARE PAID

This section describes how Your claims are administered, explains the Cost Sharing features of Your Plan, and outlines other important provisions. The specific Cost Sharing features, and the applicable benefit percentages and/or limitations, are outlined in the “Schedule of Cost Share and Benefits” section.

We consider Covered Services to be incurred on the date a service is provided. This is important because You must be actively enrolled on the date the service is provided.

Cost Sharing Requirements

Cost Sharing is how Wellpoint shares the cost of healthcare services with You. It means what Wellpoint is responsible for paying and what You are responsible for paying. You meet Your Cost Sharing requirements through Your payment of Copayments, Deductibles and/or Coinsurance (as described below).

Wellpoint works with doctors, Hospitals, Pharmacies and other healthcare Providers to control healthcare costs. As part of this effort, most Providers who contract with Wellpoint agree to control costs by giving discounts to Wellpoint. Most other insurers maintain similar arrangements with Providers.

The contracts between Wellpoint and Our Network Providers include a “hold harmless” clause which provides that You cannot be held responsible by the Provider for claims owed by Wellpoint for healthcare services covered under this EOC.

Copayment

Copayment means the fixed dollar amount You may be responsible for when You visit a Provider or fill a Prescription for covered Prescription Drugs at the Retail or Home Delivery Pharmacy. In some instances, a Copayment may be required before the Deductible for certain Covered Services. Your Copayment responsibility is shown in Your “Schedule of Cost Share and Benefits”. Whether a Copayment applies to a Covered Service, depends on Your EOC’s benefit design.

Copayments do not accumulate towards the Deductible, however Copayments satisfied in a Benefit Year accumulate towards the Out-of-Pocket Maximum.

Coinsurance

Coinsurance means the percentage of the Maximum Allowed Amount for which You are responsible for a specified Covered Service. For example, if Your Coinsurance percentage listed on Your “Schedule of Cost Share and Benefits” is 20%, You are responsible for 20% of the Maximum Allowed Amount. See the explanation of Maximum Allowed Amount in this section for additional information. Whether a Coinsurance applies to a Covered Service depends on Your Plan’s benefit design.

Deductible

A Deductible is a specified dollar amount for Covered Services that the Member must pay within each Benefit Period before Wellpoint reimburses You for Covered Services. A Copayment may be required before the Deductible for certain Covered Services. The Deductible amount is listed in the “Schedule of Cost Share and Benefits” section. A new Deductible applies at the beginning of each Benefit Period.

Deductible Calculation

Each family Member's Maximum Allowed Amounts for Covered Services is applied to his or her individual Deductible. Once two or more family Members' Maximum Allowed Amounts for Covered Services combine to equal the family Deductible, then no other individual Deductible needs to be met for that Benefit Period. No one person can contribute more than his or her individual Deductible to the family Deductible.

The Deductible applies to most Covered Services even those with a zero percent Coinsurance. An example of services not subject to the Deductible is Network Preventive Care Services required by law.

Generally, Copayments are not subject to and do not apply to the Deductible, however to confirm how

Your Plan works, please refer to the “Schedule of Cost Share and Benefits.”

The Network and Non-Network Deductibles are separate and do not apply toward each other.

Out-of-Pocket Maximum

The Out-of-Pocket Maximum for Covered Services is the sum of the Deductible and Coinsurance/Copayment maximums paid in a Benefit Period. The Out-of-Pocket Maximum is the most You pay for Covered Services in a Benefit Period. Once You meet Your Out-of-Pocket Maximum, Wellpoint will cover 100% of the Maximum Allowed Amount for Covered Services for the rest of that Benefit Period.

Out-of-Pocket Maximum Calculation

The Deductible, Coinsurance, and Copayment amounts incurred in a Benefit Period apply to the Out-of-Pocket Maximum.

The individual Out-of-Pocket Maximum applies to each covered family Member. Once two or more covered family Members' Out-of-Pocket Maximums combine to equal the family Out-of-Pocket Maximum amount, the Out-of-Pocket Maximum will be satisfied for the family for that Benefit Period. No one person can contribute more than his or her individual Out-of-Pocket Maximum.

Once the applicable Network Out-of-Pocket Maximum is satisfied, no additional Network Cost Sharing will be required for the remainder of the Benefit Year.

Once the applicable Non-Network Out-of-Pocket Maximum is satisfied, no additional Cost Sharing will be required for the remainder of the Benefit Year except for any charges over the Maximum Allowed Amount.

Network and Non-Network Coinsurance and Out-of-Pocket Maximums are separate and do not accumulate toward each other.

Out-of-Pocket Maximum Exceptions

Please read this section very carefully. Not all money that You pay toward Your healthcare costs are counted toward Your Out-of-Pocket Maximum.

Amounts You incur towards Your Deductible, Coinsurance and/or Copayments count towards the Out-of-Pocket Maximum. However, the following will never count towards the Out-of-Pocket Maximum, nor will they ever be paid under this Plan:

- Amounts exceeding the Maximum Allowed Amount;
- Amounts over any Plan maximum or limitation; and/or
- Expenses for services not covered under this EOC.

Services Received from Non-Network Providers

Covered Services that are not obtained from a PCP, SCP or another Network Provider, or that are not Authorized Services will be considered a Non-Network Service. The only exceptions are Emergency Care, or Emergency ambulance services.

For services rendered by a Non-Network Service Provider, You are responsible for:

- The difference between the actual charge and the Maximum Allowed Amount except for Surprise

Billing Claims, plus any Deductible and/or Coinsurance/Copayments;

- Services that are not Medically Necessary;
- Non-Covered Services;
- Filing claims; and
- Higher Cost Sharing amounts.

Benefit Period Maximum

Some Covered Services have a maximum number of days or visits that Wellpoint will allow during a Benefit Period. When the Deductible is applied to a Covered Service that has a maximum number of days or visits, the maximum benefits may be reduced by the amount applied to the Deductible, whether or not the Covered Service is paid by Us. These maximums apply even if You have satisfied the applicable Out-of-Pocket Maximum. See the “Schedule of Cost Share and Benefits” for those services which have a Benefit Limit.

Balance Billing

Network Providers are prohibited from balance billing. A Network Provider has signed an agreement with Wellpoint to accept Our determination of the Maximum Allowed Amount or reimbursement rate for Covered Services rendered to a Member who is his or her patient. A Member is not liable for any fee in excess of this determination or negotiated fee, except what is due under the EOC, e.g., Deductibles (if any) or Coinsurance.

When You receive Covered Services from a Non-Network Provider, You may be responsible for paying any difference between the Maximum Allowed Amount and the Provider's actual charges unless You receive a Surprise Billing Claim. If You receive Covered Services from a Non-Network Provider at a Network Facility, You may be entitled to protection from balance billing if You receive Non-Network Emergency Care. If You received services because You believed that failing to get care placed Your health or the health of a spouse, child or unborn child in danger, but You have questions about whether Your claim was processed as Emergency Care or questions about a balance bill, please call the number on the back of Your Member identification card.

For services from a Non-Network Provider:

- In addition to any Deductible and/or Coinsurance/Copayments, the Non-Network Provider can charge You the difference between their bill and the Plan's Maximum Allowed Amount except for Surprise Billing Claims;
- You may have higher Cost Sharing amounts (i.e., Deductibles, Coinsurance, and/or Copayments);
- You will have to pay for services that are not Medically Necessary;
- You will have to pay for non-Covered Services;
- You may have to file claims; and
- You must make sure any necessary Precertification is done.

Maximum Allowed Amount

General

This provision describes how We determine the amount of reimbursement for Covered Services.

Reimbursement for services rendered by Network and Non-Network Providers is based on Your Plan's Maximum Allowed Amount for the Covered Service that You receive.

The Maximum Allowed Amount for this Plan is the maximum amount of reimbursement We will allow for services and supplies:

- That meet Our definition of Covered Services, to the extent such services and supplies are covered under Your Plan and are not excluded;

- That are Medically Necessary; and
- That are provided in accordance with all applicable preauthorization, Utilization Review or other requirements set forth in Your Plan.

You will be required to pay a portion of the Maximum Allowed Amount to the extent You have not met Your Deductible or have a Copayment or Coinsurance. Except for Surprise Billing Claims when You receive Covered Services from a Non-Network Provider, You may be responsible for paying any difference between the Maximum Allowed Amount and the Provider's actual charges. This amount can be significant.

When You receive Covered Services from a Provider, We will, to the extent applicable, apply claim processing rules to the claim submitted for those Covered Services. These rules evaluate the claim information and, among other things, determine the accuracy and appropriateness of the procedure and diagnosis codes included in the claim. Applying these rules may affect Our determination of the Maximum Allowed Amount. Our application of these rules does not mean that the Covered Services You received were not Medically Necessary. It means We have determined that the claim was submitted inconsistent with procedure coding rules and/or reimbursement policies. For example, Your Provider may have submitted the claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed. When this occurs, the Maximum Allowed Amount will be based on the single procedure code rather than a separate Maximum Allowed Amount for each billed code.

Likewise, when multiple procedures are performed on the same day by the same doctor or other healthcare professional, We may reduce the Maximum Allowed Amounts for those secondary and subsequent procedures because reimbursement at 100% of the Maximum Allowed Amount for those procedures would represent duplicative payment for components of the primary procedure that may be considered incidental or inclusive.

Provider Network Status

The Maximum Allowed Amount may vary depending upon whether the Provider is a Network Provider or a Non-Network Provider.

A Network Provider is a Provider who is in the managed network for this specific product or in other closely managed specialty network, or who has a participation contract with Us. For Covered Services performed by a Network Provider, the Maximum Allowed Amount for this Plan is the rate the Provider has agreed with Us to accept as reimbursement for the Covered Services. Because Network Providers have agreed to accept the Maximum Allowed Amount as payment in full for those Covered Services, they should not send You a bill or collect for amounts above the Maximum Allowed Amount. However, You may receive a bill or be asked to pay all or a portion of the Maximum Allowed Amount to the extent You have not met Your Deductible or have a Copayment or Coinsurance. Please call Member Services for help in finding a Network Provider or visit Our website www.wellpoint.com.

Except for Surprise Billing Claims, We will calculate the Maximum Allowed Amount for Covered Services You receive from a Non-Network Provider, using one of the following:

1. An amount based on Our Non-Network Provider fee schedule/rate, which We have established, and which We reserve the right to modify from time to time, after considering one or more of the following: reimbursement amounts accepted by like/similar Providers contracted with Us, reimbursement amounts paid by the Centers for Medicare and Medicaid Services for the same services or supplies, and other industry cost, reimbursement and utilization data; or
2. An amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services ("CMS"). When basing the Maximum Allowed amount upon the level or method of reimbursement used by CMS, Wellpoint will update such information which is adjusted or unadjusted for geographic locality, no less than annually; or
3. An amount based on information provided by a third party vendor, which may reflect one or more of the following factors: (1) the complexity or severity of treatment; (2) level of skill and experience required for the treatment; or (3) comparable Providers' fees and costs to deliver care; or

4. An amount negotiated by Us or a third party vendor which has been agreed to by the Provider. This may include rates for services coordinated through case management; or
5. An amount based on or derived from the total charges billed by the Non-Network Provider; or
6. An amount based on the Medicaid fee schedule established by the State. When basing the Maximum Allowed Amount upon the level or method of reimbursement established by the State for Medicaid, Wellpoint will update such information no less than annually.

Providers who are not contracted for this product, but are contracted for other products with Us are also considered Non-Network. For this Plan, the Maximum Allowed Amount for services from these Providers will be one of the methods shown above unless the contract between Us and that Provider specifies a different amount or if Your claim involves a Surprise Billing Claim.

In certain situations, the Maximum Allowed Amount for out of area claims may be based on billed charges, the pricing We would use if the healthcare services had been obtained within the Wellpoint Service Area, or a special negotiated price.

Unlike Network Providers, Non-Network Providers may send You a bill and collect for the amount of the Provider's charge that exceeds Our Maximum Allowed Amount unless Your claim involves a Surprise Billing Claim. You are responsible for paying the difference between the Maximum Allowed Amount and the amount the Provider charges. This amount can be significant. Choosing a Network Provider will likely result in lower out-of-pocket costs to You. Please call Member Services for help in finding a Network Provider or visit Our website at www.wellpoint.com.

Member Services is also available to assist You in determining Your Plan's Maximum Allowed Amount for a particular service from a Non-Network Provider. In order for Us to assist You, You will need to obtain from Your Provider the specific procedure code(s) and diagnosis code(s) for the services the Provider will render. You will also need to know the Provider's charges to calculate Your out-of-pocket responsibility. Although Member Services can assist You with this pre-service information, the final Maximum Allowed Amount for Your claim will be based on the actual claim submitted by the Provider.

For Prescription Drugs, the Maximum Allowed Amount is the amount determined by Us using Prescription Drug cost information provided by the PBM.

Member Cost Share

For certain Covered Services and depending on Your Plan design, You may be required to pay a part of the Maximum Allowed Amount as Your Cost Share amount (for example, Deductible, Copayment, and/or Coinsurance).

Your Cost Share amount and Out-of-Pocket Maximums may vary depending on whether You received services from a Network or Non-Network Provider. Specifically, You may be required to pay higher Cost Sharing amounts or may have limits on Your benefits when using Non-Network Providers. Please see the "Schedule of Cost Share and Benefits" in this Plan for Your Cost Share responsibilities and limitations, or call Member Services to learn how this Plan's benefits or Cost Share amounts may vary by the type of Provider You use.

We will not provide any reimbursement for non-Covered Services. You may be responsible for the total amount billed by Your Provider for non-Covered Services, regardless of whether such services are performed by a Network or Non-Network Provider. Non-Covered Services include services specifically excluded from coverage by the terms of Your Plan and received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, Your day/visit limits.

The following are examples for illustrative purposes only; the amounts shown may be different than this EOC's Cost Share amounts; see Your "Schedule of Cost Share and Benefits" for Your applicable amounts.

Example: Your EOC has a Coinsurance Cost Share of 20% for Network services, and 30% for Non-Network services after the Network or Non-Network Deductible has been met.

- You choose a Network surgeon. The charge was \$2500. The Maximum Allowed Amount for the surgery is \$1500; Your Coinsurance responsibility when a Network surgeon is used is 20% of \$1500, or \$300. We allow 80% of \$1500, or \$1200. The Network surgeon accepts the total of

\$1500 as reimbursement for the surgery regardless of the charges. Your total out-of-pocket responsibility would be \$300.

- You choose a Non-Network surgeon. The Non-Network surgeon's charge for the service is \$2500. The Maximum Allowed Amount for the surgery service is \$1500; Your Coinsurance responsibility for the Non-Network surgeon is 30% of \$1500, or \$450 after the Non-Network Deductible has been met. We allow the remaining 70% of \$1500, or \$1050. In addition, the Non-Network surgeon could bill You the difference between \$2500 and \$1500, so Your total out-of-pocket charge would be \$450 plus an additional \$1000, for a total of \$1450.

Authorized Services

In some circumstances, such as where there is no Network Provider available for the Covered Service, We may authorize the Network Cost Share amounts (Deductible, Copayment, and/or Coinsurance) to apply to a claim for a Covered Service You receive from a Non-Network Provider. In such circumstances, You must contact Us in advance of obtaining the Covered Service. If We authorize a Network Cost Share amount to apply to a Covered Service received from a Non-Network Provider, You will be held harmless for amounts beyond the Copayment or other out-of-pocket amounts that You would have paid if the Network included a Network Provider from whom You could obtain the Covered Service. Please contact Member Services for Authorized Services information or to request authorization.

Payment Authorization

You authorize Us to make payments directly to Providers giving Covered Services for which We provide benefits under this EOC. In no event, however, shall Our right to make payments directly to a Provider be deemed to suggest that any Provider is a beneficiary with independent claims and Appeal rights under the EOC. We reserve the right to make payments directly to You as opposed to any Provider for Covered Service. In the event that payment is made directly to You, You have the responsibility to apply this payment to the claim from the Non-Network Provider. Payments and notice regarding the receipt and/or adjudication of claims may also be sent to an Alternate Recipient (which is defined herein as any child of a Subscriber who is recognized under a "Qualified Medical Child Support Order" as having a right to enrollment under the Subscriber's EOC), or that person's custodial parent or designated representative. Any payments made by Us (whether to any Provider for Covered Service or You) will discharge Our obligation to pay for Covered Services.

Once a Provider gives a Covered Service, We will not honor a request for Us to withhold payment of the claims submitted.

Notice of Claim and Proof of Loss

After You get Covered Services, We must receive written notice of Your claim in order for benefits to be paid.

- Network Providers will submit claims for You. They are responsible for ensuring that claims have the information We need to determine benefits. If the claim does not include enough information, We will ask them for more details, and they will be required to supply those details within certain timeframes.
- Non-Network claims can be submitted by the Provider if the Provider is willing to file on Your behalf. However, if the Provider is not submitting on Your behalf, You will be required to submit the claim. Claim forms are usually available from the Provider. If they do not have a claim form, You can send a written request to Us, or contact Member Services and ask for a claim form to be sent to You. We will send the form to You within 15 days. If You do not receive the claim form within 15 days, You can still submit written notice of the claim without the claim form. The same information that would be given on the claim form must be included in the written notice of claim, including:
 - Name of patient.
 - Patient's relationship with the Subscriber.
 - Identification number.
 - Date, type, and place of service.

- Your signature and the Provider's signature.

Non-Network claims must be submitted within 90 days. Failure to file a claim within 90 days shall not invalidate nor reduce any claim if it was not reasonably possible to file the claim within such time, provided such proof is submitted as soon as reasonably possible and in no event, except in the absence of legal capacity, later than one Year from the time the claim is required to be filed.

The claim must have the information We need to determine benefits. If the claim does not include enough information, We will ask You for more details and inform You of the time by which We need to receive that information. Once We receive the required information, We will process the claim according to the terms of Your Plan.

Please note that failure to submit the information We need by the time listed in Our request could result in the denial of Your claim, unless State or federal law requires an extension. Please contact Member Services if You have any questions or concerns about how to submit claims.

Payment of Benefits

Payment of claims will be made as soon as possible following receipt of the claim, unless more time is required because of incomplete or missing information. We will pay all covered benefits within 30 days for clean claims filed electronically or on paper. "Clean claim" means a claim submitted by You or a Provider that has no defect, impropriety, or particular circumstance requiring special treatment preventing payment.

If We fail to pay or deny a clean claim in 30 days for a claim filed electronically or on paper, and We subsequently pay the claim; We will pay interest to the Provider that submitted the claim, as required under Texas law.

Federal/State Taxes/Surcharges/Fees

Federal or State laws or regulations may require a surcharge, tax or other fee. If applicable, We will include any such surcharge, tax or other fee as part of the claim charge passed on to You.

Claim Denials

If benefits are denied, in whole or in part, Wellpoint will send the Member a written notice within the established time periods described in the section "Payment of Benefits." The Member or the Member's duly authorized representative may Appeal the denial as described in the "If You Have a Complaint or an Appeal" section. The adverse determination notice will include the reason(s) for the denial, reference to the Plan provisions(s) on which the denial is based, whether additional information is needed to process the claim and why the information is needed, the claim Appeal procedures and time limits.

If the denial involves a Utilization Review determination, the notice will also specify:

- Whether an internal rule, guideline, protocol or other criterion was relied upon in making the claim decision and that this information is available to the Member upon request and at no charge;
- That an explanation of the scientific or clinical judgment for a decision based on Medical Necessity, Experimental/Investigative treatment or a similar limitation is available to the Member upon request and at no charge.

Right of Recovery and Adjustment

Whenever payment has been made in error, or in excess of the maximum amount of payment necessary to satisfy the provisions of this Plan, We will have the right to recover such payment from You or, if applicable, the Provider or otherwise make appropriate adjustments to claims. In most instances, such recovery or adjustment activity shall be limited to the Benefit Period in which the error is discovered.

We have oversight responsibility of compliance with Provider and vendor contracts. We may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries

made from a Provider or vendor resulting from these audits if the return of the overpayment is not feasible. Additionally, We have established recovery and adjustment policies to determine which recoveries and adjustments are to be pursued, when to incur costs and expenses and settle or compromise recovery or adjustment amounts. We will not pursue recoveries for overpayments or adjustments for underpayments if the cost of the activity exceeds the overpayment or underpayment amount. We may not give You notice of overpayments made by Us or You if the recovery method makes providing such notice administratively burdensome.

Member's Cooperation

Each Member shall complete and submit to Us such authorizations, consents, releases, assignments and other documents as may be requested by Us in order to obtain or assure reimbursement under Medicare, Workers' Compensation or any other governmental program. Any Member who fails to cooperate will be responsible for any charge for services.

This authorization remains valid until expressly revoked by notifying Us, Our affiliates, agents or designees in writing of such revocation at any time (except to the extent any action has been taken based on this authorization and/or except as release of such information may be required or authorized by law). Refusal to consent to the release of such information to Us, Our affiliates, agents or designees will permit Us to deny claims for benefits.

Assignment

The coverage, rights, and benefits under this EOC are not assignable by any Member without the written consent of Wellpoint. This prohibition against assignment includes rights to receive payment, claim benefits under this EOC and/or law, and sue or otherwise begin legal action. Any assignment made without written consent from Wellpoint will be void and unenforceable.

Explanation of Benefits

After You receive medical care, You will generally receive an Explanation of Benefits (EOB). The EOB is a summary of the coverage You receive. The EOB is not a bill, but a statement from Us to help You understand the coverage You are receiving. The EOB shows:

- Total amounts charged for services/supplies received;
- The amount of the charges satisfied by Your coverage;
- The amount for which You are responsible (if any);
- General information about Your Appeals rights and for information regarding the right to bring an action after the Appeals process.

Payment Owed to You at Death

Upon the death of a Member, claims will be payable to either the Member's estate or a beneficiary designated to Us. If the Provider is a Network Provider, claims payments will be made to the Provider.

Claims Review for Fraud, Waste and Abuse

Wellpoint has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. Members seeking services from non-participating or Non-Network Providers could be balance billed by the non-participating or Non-Network Provider for those services that are determined to be not payable as a result of these review processes. A claim may also be determined to be not payable due to a Provider's failure to submit medical records with the claims that are under review in these processes.

We also may identify certain Pharmacies to review for potential fraud, waste, abuse or other inappropriate activity when claims data suggests there may be inappropriate billing practices. If a Pharmacy is selected, then We may use one or more clinical utilization management strategies in the adjudication of claims submitted by this Pharmacy, even if those strategies are not used for all Pharmacies delivering services to this Plan's Members.

Payment Innovation Programs

We pay Network Providers through various types of contractual arrangements. Some of these arrangements - Payment Innovation Programs (Program(s)) - may include financial incentives to help improve quality of care and promote the delivery of healthcare services in a cost-efficient manner.

These Programs may vary in methodology and subject area of focus and may be modified by Us from time to time, but they will be generally designed to tie a certain portion of a Network Provider's total compensation to pre-defined quality, cost, efficiency or service standards or metrics. In some instances, Network Providers may be required to make payment to Us under the Program as a consequence of failing to meet these pre-defined standards.

The Programs are not intended to affect Your access to healthcare. The Program payments are not made as payment for specific Covered Health Care Services provided to You, but instead, are based on the Network Provider's achievement of these pre-defined standards. You are not responsible for any Copayment or Coinsurance amounts related to payments made by Us or to Us under the Program(s), and You do not share in any payments made by Network Providers to Us under the Program(s).

IF YOU ARE COVERED BY MORE THAN ONE PLAN

The Coordination of Benefits (COB) provision applies when a person has healthcare coverage under more than one Plan. Plan is defined below. These COB provisions do not apply to vision and eye care benefits covered by both This Plan and any other benefit plan(s) that provide benefits for Eye Care Expenses. We will not exclude or reduce payment of benefits for Eye Care Expenses due to benefits that are payable or have been paid under another benefit plan. This Plan will pay or reimburse Eye Care Expenses to the full amount of this Plan's applicable coverage limit.

Please note that several terms specific to this provision are listed below. For this provision, the terms below will have the meanings, as describe in this section. Some of these terms may have different meanings, in other parts of the EOC. In the rest of the EOC, the meaning of a term can be determined based on the "Definitions" section, provided at the end of this EOC.

The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its contractual terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense.

Coordination of Benefits Definitions

A Plan is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated for members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.

1. Plan includes: group and non-group insurance contracts, health maintenance organization (HMO) contracts, Closed Panel Plans, or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental Plan, as permitted by law.
2. Plan does not include: Hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental Plans, unless permitted by law.

Each contract for coverage under (1.) or (2.) is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

This Plan means, the part of the EOC providing the healthcare benefits to which the COB provision applies and which may be reduced because of the benefits of other Plans. Any other part of the EOC providing healthcare benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when You have healthcare coverage under more than one Plan.

When This Plan is Primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is Secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense.

Allowable Expense is a healthcare expense, including Deductibles, Coinsurance and Copayments that is covered at least in part by any Plan covering You. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a Provider by law or in accordance with a contractual agreement

is prohibited from charging You is not an Allowed Expense.

The Allowable Expense under COB is generally the higher of the Primary and Secondary Plans' allowable amounts. A Network Provider can bill You for any remaining Coinsurance, Deductible and/or Copayment under the higher of the Plans' allowable amounts. This higher allowable amount may be more than Our Maximum Allowed Amount.

The following are not Allowable Expenses:

- The difference between the cost of a semi-private Hospital room and a private Hospital room is not an Allowable Expense, unless one of the Plans provides coverage for private Hospital room expenses.
- If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
- If You are covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
- If You are covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the Provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the Provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Plan to determine its benefits.
- The amount of any benefit reduction by the Primary Plan because a Member has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of Plan provisions include second surgical opinions, precertification of admissions, and preferred Provider arrangements.
- The amount that is subject to the Primary high-deductible health Plan's Deductible, if We have been advised by You that all Plans covering You are high-Deductible health Plans and You intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code of 1986.
- Any amounts incurred or claims made under the Prescription Drug program of This Plan.

Closed Panel Plan is a Plan that provides healthcare benefits primarily in the form of services through a panel of Providers that have contracted with or are employed by the Plan, and that excludes coverage for services provided by other Providers, except in cases of emergency or referral by a panel member.

Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the Calendar Year excluding any temporary visitation.

Order of Benefit Determination Rules

When You are covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other Plan.

Except as provided in the paragraph below, a Plan that does not contain a coordination of benefits provision that is consistent with this COB provision is always primary unless the provisions of both Plans state that the complying Plan is primary.

Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other

parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are placed over base Plan Hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel Plan to provide Non-Network benefits.

A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is Secondary to that other Plan.

Each Plan determines its order of benefits using the first of the following rules that apply:

Rule (1) Non-Dependent or Dependent. The Plan that covers You other than as a Dependent, for example as an employee, Member, Subscriber or retiree is the Primary Plan and the Plan that covers You as a Dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is Secondary to the Plan covering the person as a Dependent; and primary to the Plan covering the person as other than a Dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, Member, Subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.

Rule (2) Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a Dependent child is covered by more than one Plan the order of benefits is determined as follows:

- A. For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
 1. The Plan of the parent whose birthday falls earlier in the Calendar Year is the Primary Plan; or
 2. If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan.
- B. For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 1. If a court decree states that one of the parents is responsible for the Dependent child's healthcare expenses or healthcare coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to Plan Years commencing after the Plan is given notice of the court decree;
 2. If a court decree states that both parents are responsible for the Dependent child's healthcare expenses or healthcare coverage, Rule (2)(A) above shall determine the order of benefits;
 3. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the healthcare expenses or healthcare coverage of the Dependent child, Rule (2)(A) above shall determine the order of benefits; or
 4. If there is no court decree assigning responsibility for the Dependent child's healthcare expenses or healthcare coverage, the order of benefits for the child are as follows:
 - a. The Plan covering the custodial parent;
 - b. The Plan covering the spouse of the custodial parent;
 - c. The Plan covering the non-custodial parent; and then
 - d. The Plan covering the spouse of the non-custodial parent.
- C. For a Dependent child covered under more than one Plan of individuals who are not the parents of the child, Rule (2)(A.) or Rule (2)(B.) above shall determine the order of benefits as if those individuals were the parents of the child.

Rule (3) Active Employee or Retired or Laid-off Employee. The Plan that covers You as an active employee, that is, an employee who is neither laid off nor retired, is the Primary Plan. The Plan covering You as a retired or laid-off employee is the Secondary Plan. The same would hold true if You are a Dependent of an active employee and You are a Dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if Rule (1) above can determine the order of benefits.

Rule (4) COBRA or State Continuation Coverage. If You are covered under COBRA or under a right of continuation provided by state or other federal law, the Plan covering You as an employee, Member,

Subscriber or retiree or covering the person as a Dependent of an employee, Member, Subscriber or retiree is the Primary Plan and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if Rule (1) above can determine the order of benefits.

Rule (5) Longer or Shorter Length of Coverage. The Plan that covered You as an employee, Member, Subscriber or retiree longer is the Primary Plan and the Plan that covered You the shorter period of time is the Secondary Plan.

Rule (6) If the preceding rules do not determine the order of benefits, the Allowable Expenses will be shared equally between the Plans meeting the definition of Plan. In addition, this Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on the Benefit of This Plan

When This Plan is Secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a Plan Year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other healthcare coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim.

Because the Allowable Expense is generally the higher of the Primary and Secondary Plans' allowable amounts, a Network Provider can bill You for any remaining Coinsurance, Deductible and/or Copayment under the higher allowable amount. In addition, the Secondary Plan shall credit to its Plan Deductible any amounts it would have credited to its Deductible in the absence of other healthcare coverage.

If You are enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel Provider, benefits are not payable by one Closed Panel Plan; COB shall not apply between that Plan and other Closed Panel Plans.

Right to Receive and Release Needed Information

Certain facts about healthcare coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. We may get the facts We need from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits. We need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give Us any facts We need to apply those rules and determine benefits payable.

Facility of Payment

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, We may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by Us is more than We should have paid under this COB provision, We may recover the excess from one or more of the persons We have paid or for whom We have paid; or any other person or organization that may be responsible for the benefits or services provided for the Member. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

Coordination with Medicare

Unless federal law requires the Plan to be the primary payor, the benefits under This Plan for Members age 65 and older, or Members otherwise eligible for Medicare, do not duplicate any benefit Members are

entitled to under Medicare. Where Medicare is the responsible payor, all amounts for services that have been paid for by Us that should have been paid for by Medicare shall be reimbursed to Us by or on behalf of the Members.

For the purpose of the calculation of benefits, if the Member is eligible for but has not enrolled in Medicare, We will calculate benefits as if he or she has enrolled.

IF YOU HAVE A COMPLAINT OR AN APPEAL

Complaints

A complaint is an oral or written expression of dissatisfaction with Us or with a Provider's service. Members may call the Member Services department to register a complaint. Complaints apply to any issue not related to a Medical Necessity or Experimental or Investigation determination made by Us. Complaints may be about claims processing, benefit choices, enrollment, or healthcare given to You by Your Provider.

To file a complaint, please contact Us at:

Wellpoint Grievances and Appeals
P.O. Box 105568
Atlanta, GA 30348-5568

Phone: call the Member Services number on Your ID Card.

You will receive an acknowledgement letter within five (5) days of receipt of the complaint. A response will be mailed to the Member within thirty (30) business days. We will investigate and resolve a complaint concerning an Emergency or a denial of continued hospitalization:

- In accordance with the medical or dental immediacy of the case; and
- Not later than one (1) business day after We receive the complaint.

Appeals Process of Complaint Resolution

You or Your authorized representative, if not satisfied with the resolution of the complaint, have the right to file a written request for Appeal. The Member has the right to appear in person before a complaint Appeals panel. You will receive an Appeal acknowledgement letter within five (5) days of receipt. We will complete this Appeals process no later than thirty (30) calendar days after the date the written request for Appeal is received.

An Appeal of a complaint relating to an ongoing Emergency or denial of continued hospitalization shall be concluded in accordance with the medical or dental immediacy of the case and not later than one (1) business day after the Member's request for an Appeal is received. At the request of the Member, We will provide, instead of a complaint Appeals panel, a review by a physician or Provider who has not previously reviewed the case and is of the same or similar specialty as the physician or Provider who would typically manage the medical condition or procedure under consideration for review in the Appeal.

The written request should be sent to the Grievances and Appeals address listed above.

Complaints to the Texas Department of Insurance (TDI)

A Member also has the right to file a complaint with the TDI:

Texas Department of Insurance

Adverse Determination Appeal Process

An adverse determination means a determination by the Plan that healthcare services provided or proposed to be provided to a Member are not Medically Necessary or are Experimental or Investigational.

If You are not satisfied with Our adverse determination, You must request an internal Appeal orally or in writing within 180 calendar days from the date You were notified of Our adverse decision.

You may initiate the internal Appeal by:

Verbally: Member Services at the number on Your ID Card

In Writing:

Wellpoint Grievances and Appeals Department
P.O. Box 105568
Atlanta, GA 30348-5568

A written Appeal must state plainly the reason(s) why the Member disagrees with Our claim decision, Our refusal to authorize or cover a requested service or supply, or how We calculated the benefit. The Appeal should include any pertinent documents and medical records not originally submitted with the claim or request for the service or supply and any other information that the Member feels may have a bearing on the decision. Also, please include the following details with Your Appeal if You have them:

- The Member's name, address and phone number;
- The identification number as shown on Your Identification Card (including the three letter prefix);
- The name of the Provider who will or has provided care;
- The date(s) of service;
- The claim or reference number for the specific decision with which You do not agree; and
- Any bills that You have received from the Provider.

An Appeal acknowledgement letter will be sent to the appealing party within five (5) business days from receipt of an Appeal. The letter will advise if We need additional documents to consider the Appeal.

We will fully investigate and document the content of an Appeal and document Our findings.

Investigation and documentation includes, but is not limited to:

- The Member's reason for appealing the adverse determination;
- Additional clinical or other information provided with the Appeal request;
- Previous adverse determination or Appeal history;
- Follow-up activities associated with the adverse determination and conducted before the current Appeal.

We will review the information to determine if it is sufficient to process the Appeal. If the information is not sufficient, We will request the additional information. We will review the Appeal and make a determination.

For Appeals concerning non-urgent adverse prospective and retrospective determinations, a decision will be made, and written notification of the decision will be provided within a reasonable timeframe appropriate to the medical circumstances, not to exceed thirty (30) calendar days from the date of receipt of the request for Appeal.

We will make sure Your Appeal is reviewed by an appropriate reviewer. The reviewer will not have been involved in the initial adverse determination. We will also make sure they do not work for the person who made that decision. Any information You share with Us will be considered. If We need more information, We will get in touch with You. We may also contact Your doctor or any other Provider who may be able to help. On Appeal, the file will be reviewed. Appeals will be reviewed by an appropriate peer or peers who have not been involved with a prior finding. In an Appeal of an adverse healthcare treatment decision, You have the right to review the claim file. More information may be submitted by or for the Member, any treating doctor, or Wellpoint as part of the internal Appeals process.

A finding will be made within thirty (30) days after We receive the request for an Appeal

Expedited Appeals

You may ask for an expedited Appeal if Your situation meets the definition of an expedited clinical Appeal. An "expedited clinical appeal" is an Appeal of a clinically urgent nature related to healthcare services, including but not limited to, prior authorization for treatment, denial of Emergency Care,

concurrent or continued hospitalization, prescription drugs or intravenous infusions.

Your Appeal will be reviewed by a healthcare Provider who has not previously reviewed the case and who is of the same or a similar specialty as the healthcare Provider who typically manages the medical condition, procedure, or treatment under review.

Upon receipt of an expedited Appeal, the health Plan will notify the party filing the Appeal as soon as possible, but in no event later than 24 hours after submission of the Appeal, of all information needed to review the Appeal. We will render a decision on the Appeal within 24 hours after We receive the requested information, but no later than 72 hours after the receipt of the Appeal. The Appeal notification will be followed with a letter within three working days of the initial telephonic or electronic notification.

Decision Letter Notification

The decision letter will include:

- The names, titles and information that qualifies the person or persons evaluating the Appeal.
- A statement of the reviewers' understanding of the reason for the Member's request for an Appeal.
- The reviewers' finding in clear terms and the reason in enough detail for the Member to respond to Our finding.
- A reference to the evidence or information used as the basis for the finding, including the clinical review materials used to make the decision. The finding shall include instructions for requesting copies of any referenced evidence, documents or clinical review information not already provided to the Member. Where a Member had already sent in a written request for the review criteria used by Wellpoint in giving its first adverse determination, the finding shall include copies of any additional clinical review criteria used in arriving at the decision.
- The notice will advise of the external review process to an Independent Review Organization (IRO) and how to initiate this review.

External Review

Members may request an Appeal to an IRO of a denial of an Appeal of an adverse determination made by the health Plan. If You wish to pursue external review, You or Your authorized representative must notify Our Grievance and Appeals Department in writing at the following address:

Wellpoint Attention:
Grievances and Appeals Department
P.O. Box 105568,
Atlanta, GA 30348-5568

A written request must state plainly the reason(s) why You disagree with Our claim decision, Our refusal to authorize or cover a requested service or supply, or how We calculated the benefit. The request should include any pertinent documents and medical records not originally submitted with the claim or request for the service or supply and any other information that You feel may have a bearing on the decision. Also, please include the following details with Your request if You have them:

- The Member's name, address and phone number;
- The identification number as shown on Your Identification Card (including the three letter prefix);
- The name of the Provider who will or has provided care;
- The date(s) of service;
- The claim or reference number for the specific decision with which You do not agree; and
- Any bills that You have received from the Provider.

If someone else is filing on Your behalf, You will need to submit a statement signed by You, the Member, authorizing that person to be Your authorized representative.

We must receive the request within four months of the date that We denied Your Appeal. There is no

cost for this review.

If the circumstance involves a Member's life-threatening condition, or a circumstance involving the provision of Prescription Drugs or intravenous infusions for which the Member is receiving benefits under the EOC, the Member is:

- Entitled to an immediate Appeal to an IRO; and
- Not required to comply with procedures for an internal review of the Utilization Review agent's adverse determination.

Requesting an Expedited External Review

If the standard external review process would jeopardize Your life, health, or ability to regain maximum function, You may ask Us to expedite Your request for external review. If Your situation requires an expedited external review:

1. We will notify the IRO within one day and send them Your information.
2. The IRO will have two business days to review this material and request additional information. We will have two days to respond to this request.
3. Once the IRO has all the necessary information, it will make a decision within 72 hours.

You may also ask for an expedited external review if You are requesting a review of a decision that a recommended or requested service is Experimental/Investigative and Your doctor certifies in writing that the requested service would be significantly less effective if not promptly initiated.

Authorized Representative

You can choose someone to act for You or help You during the Appeal process. We call this a "Member's authorized representative". They can be anyone – Your doctor, friend, relative, spouse, neighbor, attorney, etc. You must let Us know in writing if You want to choose a Member authorized representative. Send a letter to:

- That You understand that You have the right to withdraw Your authorization at any time in writing. That You understand We are not responsible if Your Member authorized representative shares Your PHI with others.
- That You understand You are not required to provide authorization to receive treatment, payment, for enrollment or to be eligible for benefits.
- You must also sign and date the letter.

The Importance of the IRO's Decision

The IRO will provide You, Your treating Provider, the Office of the Commissioner of Insurance, and Us a decision which shall include:

- The findings for either Us or You regarding each issue under review;
- The proposed service, treatment, Drug, device or supply for which the review was performed;
- The relevant provisions in the EOC and how applied; and

- The relevant provisions of any nationally recognized and peer-reviewed medical or scientific documents used in the external review.

Temporary custody is not sufficient to establish eligibility under this EOC.

Any foster child who is eligible for benefits provided by any governmental program or law will not be eligible for coverage under this EOC unless required by the laws of this state.

Open Enrollment

As established by the rules of the Exchange, Qualified Individuals are only permitted to enroll in a Qualified Health Plan (QHP), during the annual open enrollment period or as an enrollee to add a Qualified Individual to the current QHP during a special enrollment period for which the Qualified Individual has experienced a qualifying event.

An annual open enrollment period is provided for Qualified Individuals and enrollees. Qualified Individuals may enroll in a QHP, and enrollees may change QHPs at that time according to rules established by the Exchange.

American Indians are authorized to move from one QHP to another QHP once per month.

Changes Affecting Eligibility and Special Enrollment

A special enrollment period is a period during which a Qualified Individual or enrollee who experiences certain qualifying events or changes in eligibility may enroll in or change a QHP through the Exchange, outside of the annual open enrollment period.

Length of special enrollment periods: Unless specifically stated otherwise, a Qualified Individual or enrollee has 60 calendar days from the date of a triggering event to select a QHP.

The Exchange must allow Qualified Individuals to enroll in or change a QHP as a result of the following triggering events:

- A Qualified Individual or Dependent loses Minimum Essential Coverage. For loss of Medicaid or CHIP coverage, enrollee has 90 calendar days to select a QHP;
- A Qualified Individual gains a Dependent or becomes a Dependent through marriage, birth, adoption or placement for adoption;
- An individual, not previously a citizen, national, or lawfully present gains such status;
- A Qualified Individual's enrollment or non-enrollment in a QHP is unintentional, inadvertent, or erroneous and is the result of an error of the Exchange or the Department of Health and Human Services (HHS), or its instrumentalities as determined by the Exchange. In such cases, the Exchange may take such action as may be necessary to correct or eliminate the effects of such error;
- An enrollee demonstrates to the Exchange that the QHP in which he or she is enrolled substantially violated a material provision of its EOC in relation to the enrollee;
- An individual is determined newly eligible or newly ineligible for Advance Payments of the Premium Tax Credit or has a change in eligibility for Cost-Sharing reductions, regardless of whether such individual is already enrolled in a QHP;
- The Exchange must permit individuals whose existing coverage through an eligible employer sponsored plan will no longer be affordable or provide minimum value for his or her employer's upcoming plan Year to access this special enrollment period prior to the end of his or her coverage through such eligible employer-sponsored plan;

Adding a Child Due to Award of Court-Appointed Guardianship

If a Subscriber or the Subscriber's spouse files an application for appointment of guardianship of a child, an application to cover the child under the Subscriber's EOC, must be submitted to the Exchange within 60 days of the date the appointment of guardianship is granted. Coverage will be effective on the date the appointment of guardianship is awarded by the court.

If You are required by a court order, as defined by applicable state or federal law, to enroll Your child under this EOC, and the child is otherwise eligible for the coverage, You must request permission from the Exchange for Your child to enroll under this EOC and once approved by the Exchange, We will provide the benefits of this EOC in accordance with the applicable requirements of such order.

A child's coverage under this provision will not extend beyond any Dependent age limit. Any claims payable under this EOC will be paid to the child or the child's custodial parent or legal guardian, for any expenses paid by the child, custodial parent, or legal guardian. We will make information available to the child, custodial parent, or legal guardian on how to obtain benefits and submit claims to Us directly.

Effective Date of Coverage

The earliest Effective Date for the annual open enrollment period is the first day of the following Benefit Period for a Qualified Individual who has made a QHP selection during the annual open enrollment period. In the case of new access to an ICHRA or new provision of a QSEHRA, if the plan selection is made before the day of the triggering event, coverage is effective on the first day of the month following the date of the triggering event or, if the triggering event is on the first day of a month, on the date of the triggering event. If the plan selection is made on or after the day of the triggering event, coverage is effective on the first day of the month following the plan selection.

Notice of Changes

The Subscriber is responsible to notify the Exchange of any changes that will affect his or her eligibility or that of Dependents for services or benefits under this EOC. The Exchange must be notified of any changes as soon as possible but no later than within 60 days of the event. This includes changes in address, marriage, divorce, death, changes in income, change of Dependent's impairment or dependency status. Failure to notify the Exchange of persons no longer eligible for services will not obligate Us to pay for such services. Acceptance of Premium for persons no longer eligible for services will not obligate Us to pay for such services.

Family coverage should be changed to single coverage when only the Subscriber is eligible. When notice is provided within 60 days of the event, the Effective Date of coverage is the event date causing the change to single coverage. The Exchange must be notified when a Member becomes eligible for or enrolled in Medicare.

All notifications must be in writing and on approved forms or as otherwise required by the Exchange. Such notifications must include all information required to effect the necessary changes.

Statements and Forms

Subscribers or applicants for membership shall complete and submit to the Exchange applications or other forms or statements the Exchange may request. Subscribers or applicants for membership represent to the best of their knowledge and belief that all information contained in such applications, questionnaires, forms, or statements submitted to the Exchange is true, correct, and complete and understand that all rights to benefits under this EOC are subject to the condition that all such information is accurate. Any act, practice, or omission that constitutes fraud or an intentional misrepresentation of material fact by the Member may result in termination or rescission of coverage.

WHEN MEMBERSHIP ENDS (TERMINATION)

This section describes how coverage for a Member can be terminated, cancelled, rescinded, suspended or not renewed.

Termination of the Member

Unless prohibited by law, the Member's coverage will terminate if any of the following occurs:

1. The Member terminates his or her coverage with appropriate notice to the Exchange.
2. The Member no longer meets eligibility requirements for coverage in a QHP through the Exchange (examples: divorce, dissolution of domestic partnership, move outside the Service Area, etc.). In this case, the Exchange will send a notice to the Member. Coverage ends on the last day of the month following the month in which the Exchange notifies the Member (unless the Member requests an earlier termination date).
3. The Member no longer meets eligibility requirements for coverage in a QHP through the Exchange as an overage Dependent. Coverage for Dependent children ends on the last day of the Benefit Year in which the child turns age 26.
4. The Member fails to pay his or her Premium, and the grace period has been exhausted.
5. Rescission of the Member's coverage.
6. The QHP terminates or is decertified.
7. The Member changes to another QHP.
8. The Member was enrolled in a QHP without his or her knowledge or consent by a third party, including by a third party with no connection with the Exchange.
9. The QHP Issuer may terminate coverage as permitted by the Exchange. The Member will be notified by the QHP Issuer as required by law.

"Grace Period" refers to either:

1. The three month grace period required for individuals receiving Advance Payments of the Premium Tax Credit; in this case, the last day of coverage will be the last day of the first month of the three month grace period; or
2. Any other applicable grace period.

Effective Dates of Termination

Termination of coverage is effective on the following date(s):

1. In the case of termination initiated by the Member, the last day of coverage is:
 - a. The termination date specified by the Member, if reasonable notice is provided;
 - b. 14 days after the termination is requested, if the Member does not provide reasonable notice; or
 - c. On a date determined by the Member's QHP Issuer, if the Member's QHP Issuer is able to implement termination in fewer than 14 days and the Member requests an earlier termination effective date.
2. If the Member is newly eligible for Medicaid, Children's Health Insurance Program (CHIP), or the Basic Health Plan, the last day of coverage is the day before such coverage begins.
3. In the case where a Member is no longer eligible for coverage in a QHP through the Exchange (examples: divorce, dissolution of domestic partnership, move outside the Service Area, etc.), the last day of coverage is the last day of the month following the month in which notice is sent by the Exchange, unless the Member requests an earlier termination effective date.
4. In the case where a Member is no longer eligible for coverage in a QHP through the Exchange as an overage Dependent, coverage for Dependent children ends on the last day of the Benefit

Year in which the child turns age 26.

5. In the case of a termination for non-payment of Premium and the three month grace period required for Members receiving Advance Payments of the Premium Tax Credit has been exhausted, the last day of coverage will be the last day of the first month of the three month grace period.
6. In the case of a termination for non-payment of Premium, and the Member is not receiving Advance Payments of the Premium Tax Credit, the last day of coverage is the last day for which Premium is paid, consistent with existing State laws regarding grace periods.
7. In the case of a termination when a Member changes QHPs, the last day of coverage in a Member's prior QHP is the day before the Effective Date of coverage in his or her new QHP.
8. The day following the Member's death. When a Subscriber dies, the surviving spouse or domestic partner of the deceased Subscriber, if covered under the EOC, shall become the Subscriber.

"Reasonable notice" is defined as 14 days prior to the requested effective date of termination.

Continuation of Coverage after Divorce

If Your coverage terminates due to divorce, You may be issued coverage that is similar to the coverage which was in effect prior to the divorce. You must notify Us within 60 days of Your divorce. You must continue to meet the Subscriber eligibility requirements detailed in the "When Membership Changes (Eligibility)" section of this EOC and submit Premium payment.

Guaranteed Renewable

Coverage under this EOC is guaranteed renewable, except as permitted to be terminated, cancelled, rescinded, or not renewed under applicable state and federal law, provided the Member is a Qualified Individual as determined by the Exchange. The Member may renew this EOC by payment of the renewal Premium by the end of the grace period of the Premium due date, provided the following requirements are satisfied:

1. Eligibility criteria as a Qualified Individual continue to be met.
2. There are no fraudulent or intentional misrepresentations of material fact on the application or under the terms of this EOC.
3. This EOC has not been terminated by the Exchange.

Loss of Eligibility

Coverage ends for a Member when he or she no longer meets the eligibility requirements for coverage. You must timely furnish to the Exchange or the QHP Issuer any information requested regarding Your eligibility and the eligibility of Your Dependents. Failure to give timely notification of a loss of eligibility will not obligate Us to provide benefits for ineligible persons, even if We have accepted Premiums or paid benefits.

Rescission

If within two Years after the Effective Date of this EOC, We discover any act, practice or omission that constitutes fraud or an intentional misrepresentation of material fact that You or Your covered Dependents did not disclose on the application, We may terminate or rescind this EOC as of the original Effective Date. Additionally, if within two Years after adding an additional Dependent (excluding newborn children of the Subscriber added within 31 days of birth), We discover any act, practice or omission that constitutes fraud or an intentional misrepresentation of material fact that You or Your covered Dependent did not disclose on the application, We may terminate or rescind coverage for the additional covered Dependent as of his or her original Effective Date. We will give You at least 30 days written notice prior to rescission of this EOC.

This EOC may also be terminated if You engage in fraudulent conduct, furnish Us fraudulent or

misleading material information relating to claims or if You knowingly participate in or permit fraud or deception by any Provider, vendor or any other person associated with this EOC. Termination will be effective 31 days after Our notice of termination is mailed. We will also terminate Your Dependent's coverage, effective on the date Your coverage is terminated.

You are responsible to pay Us for the cost of previously received services based on the Maximum Allowed Amount for such services, less any Copayment/Coinsurance made or Premium paid for such services. After the two Years following Your Effective Date, We may only rescind or terminate Your coverage on the basis of any act, practice or omission that constitutes fraud.

Time Limit on Certain Defenses

After three Years from the date of issue of this EOC no misstatements, except fraudulent misstatements, made by You in the application for the EOC will be used to void or cancel the EOC or to deny a claim if You have been provided a signed copy of Your application.

Discontinuation of Coverage

We can refuse to renew Your Contract if We decide to discontinue a health coverage product that We offer in the individual market. If We discontinue a health coverage product, We will provide You with at least 90 days notice of the discontinuation. In addition, You will be given the option to purchase any health coverage plan that We currently offer without regard to claims status or health history. Nonrenewal will not affect an existing claim.

Grace Period

If the Subscriber does not pay the full amount of the Premium by the Premium due date, the grace period is triggered. The grace period is an additional period of time during which coverage may remain in effect and refers to either the three month grace period required for individuals receiving Advance Payments of the Premium Tax Credit (APTC), or for individuals not receiving the APTC, it refers to any other applicable grace period.

If the Subscriber does not pay the required Premium by the end of the grace period, the EOC is terminated. In order for a Premium to be considered paid during the Grace Period, We must receive it by the last day of the Grace Period. The application of the grace period to claims is based on the date of service and not on the date the claim was submitted.

Subscriber Receives APTC

If the Subscriber receiving the APTC has previously paid at least one month's Premium in a Calendar Year. We must provide a grace period of at least three consecutive months. During the grace period, We must apply any payment received to the first billing cycle in which payment was delinquent and continue to collect the APTC. If full Premium payment is not received during the grace period, the last day of coverage will be the last day of the first month of the three month grace period. We must pay claims during the first month of the grace period but may pend claims in the second and third months subject to Wellpoint's right to terminate the EOC as provided herein. You will be liable to Us for the Premium payment due including those for the grace period. You will also be liable to Us for any claims payments made for services incurred after the last day of the first month of the three month grace period.

Subscriber Does Not Receive APTC

If the Subscriber is not receiving an APTC, this EOC has a grace period of 31 days. This means if any Premium payment, except the first, is not paid on or before the date it is due, it may be paid during the grace period. During the grace period, the EOC will stay in force and claims will be pended unless prior to the date Premium is due You give timely written notice to Us that the EOC is to be terminated. If You do not make the full Premium payment during the grace period, the EOC will be terminated on the last day through which Premium is paid. You will be liable to Us for any claims payments made for services incurred after the last day through which Premium is paid.

After Termination

Once this EOC is terminated, the former Members cannot reapply until the next annual open enrollment period unless they experience an event that qualifies for a special enrollment period prior to the annual open enrollment period.

Reinstatement of the EOC

This EOC may be reinstated upon receipt of payment to Us of the applicable Premiums due. Any reinstatement request must be approved by Us and/or the Exchange. If the request for reinstatement is approved, The EOC will be reinstated as of the last paid to date of the contract. If not approved, We will provide the Subscriber and/or the Exchange with notice of Our disapproval.

Removal of Members

A Subscriber may terminate the enrollment of any Member from the Plan. If this happens, no benefits will be provided for Covered Services provided after the Member's termination date.

Refund of Premium

Upon Termination, We shall return promptly the unearned portion of any Premium paid.

IMPORTANT INFORMATION ABOUT YOUR COVERAGE

Premiums

You shall have the responsibility for remitting payments to Wellpoint as they come due. Even if You have not received a Premium notice from Wellpoint, You are still obligated to pay, at a minimum, the amount of the prior Premium notice.

The amount of Premium is printed on Your Premium notice; however, this amount is subject to change. We will not increase Premium for any reason without giving You at least 60 days' written notice. We will then send You a new notice with the new Premium amount.

If a Premium increase is necessary, We will bill You for the extra amount due. If this amount is not paid, this EOC will be terminated at the end of the grace period and You will receive a refund of any unearned Premium.

If a decrease in Premium is appropriate, We will adjust what is owed to Us and let You know the new amount of Premium due. We will refund any excess Premium to You.

If We have not charged the proper amount of Premium, We will let You know the new amount of Premium due from You. We will refund any amount that has been overpaid to Us. You must pay Us any amounts that should have been paid but were not.

If Premium has been paid for any period of time after the date You terminate this EOC, We will refund that Premium to You. The refund will be for that period of time after Your coverage ends.

Changes in Premiums

The Premium rates are guaranteed for the 12-month period following the first day of the Calendar Year.

The Premium for this EOC may change subject to, and as permitted by, applicable law. You will be notified of a Premium change at the address in Our records at least 60 days prior to such change. Any such change will apply to Premiums due on or after the Effective Date of change. If advance Premiums have been paid beyond the Effective date of a rate change, such Premiums will be adjusted as of that Effective Date to comply with the rate change. Additional Premiums may be billed, if necessary, for future periods.

Payment of the Premium by the Subscriber shall serve as notice of the Subscriber's acceptance of the change.

Any material misrepresentation or omission may cause Wellpoint to change Your Premium retroactive to the Effective Date of coverage.

How to Pay Your Premium

After making Your initial Premium payment, You can make future payments by the following methods:

- Online at www.wellpoint.com;
- By mail using the address on Your Premium notice;
- By authorizing Us to automatically deduct Your Premium payment from Your financial institution account every month;
- By using Our mobile application;
- Pay in person at any approved retailer found on the mobile application,

To learn more about any of these options, please contact Member Services at the number on the back of Your Identification Card.

Electronic Funds Transfer

If You submit a personal check for Premiums payment, You automatically authorize Us to convert that check into an electronic payment. We will store a copy of the check and destroy the original paper check. Your payment will be listed on the financial institution account statement as an Electronic Funds Transfer (EFT). Converting Your paper check into an electronic payment does not authorize Us to deduct Premiums from Your account on a monthly basis unless You have given Us prior authorization to do so.

Administrative Fee

An administrative fee of \$20 will be charged for any check, automatic deduction, or Electronic Funds Transfer which is returned or dishonored by the financial institution as non-payable to Wellpoint for any reason.

Premiums Paid by a Third Party

We will accept Premium payments made on behalf of Subscribers if the Premium is paid by the following persons or entities:

- The Ryan White HIV/AIDS Program;
- Other Federal and State government programs that provide Premium and Cost Sharing support for specific individuals;
- Indian tribes, tribal organizations and urban Indian organizations; or
- A relative or legal guardian on behalf of a Subscriber.

Unless required by law, We do not accept Premium payments from third parties that are not listed above. Examples of third parties from whom We will not accept Premium payments include, but are not limited to, Providers, Hospitals, not-for-profit organizations (including religious organizations) that have or whose primary donors have a financial interest in the benefits of the EOC, commercial entities with a direct or indirect financial interest in the benefits of the EOC and employers that offer coverage under an employer health plan.

Consideration

In Consideration of the payment of Premiums in accordance with the provisions hereof, this Evidence of Coverage describes Your covered health care benefits. Coverage for services or supplies is provided only if furnished while You are a Member and this coverage is in force. Coverage is not provided for any services received before coverage starts or after coverage ends.

Policies, Procedures and Pilot Programs

We are able to introduce new policies, procedures, rules and interpretations, as long as they are reasonable. Such changes are introduced to make the Plan more orderly and efficient. Members must follow and accept any new policies, procedures, rules, and interpretations.

Under the terms of the Plan, We have the authority to introduce or terminate from time to time, pilot or test programs for disease management, care management, case management, clinical quality or wellness initiatives that may result in the payment of benefits not otherwise specified in this Plan. We reserve the right to discontinue a pilot or test program at any time.

Confidentiality and Release of Information

Applicable State and federal law requires Us to undertake efforts to safeguard Your medical information.

For informational purposes only, please be advised that a statement describing Our policies and procedures regarding the protection, use and disclosure of Your medical information is available on Our website and can be furnished to You upon request by contacting Our Member Services department.

Obligations that arise under State and federal law and policies and procedures relating to privacy that are referenced but not included in this EOC are not part of the EOC between the parties and do not give rise

to contractual obligations.

Right to Receive and Release Needed Information

Certain facts are needed to apply these rules. We have the right to decide which facts We need. Subject to applicable privacy restrictions, We may obtain needed facts from, or give them to, any other organization or person. We need not tell You or obtain Your consent to do this. Each person claiming benefits under this Plan must give Us any facts We need to pay the claim.

Wellpoint's Information Practices Notice

The purpose of this information practices notice is to provide a notice to Members regarding our standards for the collection, use, and disclosure of information gathered in connection with our business activities.

- We may collect personal information about a Member from persons or entities other than the Member.
- We may disclose Member information to persons or entities outside of Wellpoint without Member authorization in certain circumstances.
- A Member has a right of access and correction with respect to all personal information collected by Us.
- A more detailed notice will be furnished to You upon request.

Notice of Privacy Practices

We are committed to protecting the confidential nature of Members' medical information to the fullest extent of the law. In addition to various laws governing Member privacy, We have Our own privacy policies and procedures in place designed to protect Member information. We are required by law to provide individuals with notice of Our legal duties and privacy practices. To obtain a copy of this notice, visit Our website or contact Our Member Services department.

Catastrophic Events

In case of fire, flood, war, civil disturbance, court order, strike, an act of terrorism or other cause beyond Our control, We may be unable to process Your claims on a timely basis. No legal action or lawsuit may be taken against Us due to a delay caused by any of these events. In such an event, however, We shall use reasonable efforts to perform Our respective obligations.

Refusal to Follow Recommended Treatment

If a Member refuses treatment that has been recommended by Our Network Provider, the Provider may decide that the Member's refusal compromises the Provider-patient relationship and obstructs the provision of proper medical care. Providers will try to render all necessary and appropriate professional services according to a Member's wishes, when they are consistent with the Provider's judgment. If a Member refuses to follow the recommended treatment or procedure, the Member is entitled to see another Provider of the same specialty for a Second Opinion. The Member can also pursue the Appeal/Grievance process.

Entire Evidence of Coverage

This EOC, the application, any Riders, Endorsements or Amendments, constitute the entire EOC between Wellpoint and You and, as of the Effective Date, supersede all other agreements between the parties. Any and all statements made to Us by You and any and all statements made to You by Us are representations and not warranties, and no such statement, unless it is contained in a written application for coverage under this EOC, shall be used in defense to a claim under this EOC.

Misstatement of Age

If the Premium for this EOC is based on Your age and if Your age has been misstated, the benefits will

be those the Premium paid would have purchased at the correct age.

Notice

Any notice given by Wellpoint to a Subscriber shall be sufficient if mailed to the Subscriber at his or her address as it appears in Wellpoint's records. Notice given to Wellpoint must be sent to Wellpoint's address as shown in this EOC. Wellpoint, or a Member may, by written notice, indicate a new address for giving notice.

Not Liable for Provider Acts or Omissions

We are not liable for the acts or omissions by any individuals or institutions furnishing care or services to You.

Physical Examinations and Autopsy

We, at Our own expense, shall have the right and opportunity to examine the Member when and as often as it may reasonably be required during the pendency of a claim and to make an autopsy in case of death where it is not prohibited by law.

Third Party Liability

These provisions apply when We pay benefits as a result of injuries or illness You sustained and You have a right to a Recovery or have received a Recovery as a result of actions or omissions of a third party. We will automatically have a lien upon any Recovery. Our lien will equal the amount of benefits We pay on Your behalf for injuries, disease, condition or loss You sustained as a result of any act or omission for which a third party is liable. Our lien will not exceed the amount We actually paid for those services.

In this section, "Recovery" means money You (or Your estate, parent, trustee or legal guardian) receive, are entitled to receive, or have a right to receive, whether by judgment, award, settlement or otherwise as a result of injury or illness caused by the third party, regardless of whether liability is contested. In this section "third party" refers to any person or entity who is legally responsible in relation to the injuries or illnesses sustained by You for which We paid benefits, including but not limited to the party(ies) who caused the injury or illness ("tortfeasor"), the tortfeasor's insurer, the tortfeasor's indemnifier, the tortfeasor's guarantor, the tortfeasor's principal or any other person or entity responsible or liable for the tortfeasor's acts or omissions, Your own insurer (underinsured or uninsured motorist benefits, medical payments, no fault benefits, personal injury protection, etc.), or any other person, entity, contract or plan that may be liable or responsible in relation to the injuries or illness, to the extent permitted by law.

We, or Our designee, have first priority for the full amount of Our lien and shall be entitled to payment, reimbursement and/or subrogation to the extent of the total amount of Our lien regardless of whether the total amount of the Recovery on account of the injury or illness is less than the actual loss suffered by You (or Your estate, parent, trustee or legal guardian).

Subrogation

- We shall be subrogated to Your rights as to any Recovery and have first priority rights to take whatever legal action necessary against any party or entity to recover Our lien.
- We may proceed in Your name against the responsible party. Additionally, We have the right to recover Our lien from any party responsible for compensating You.
- To the extent the total assets available from a Recovery are insufficient to satisfy in full Our subrogation claim and any claim still held by You, Our subrogation claim shall be first satisfied before any part of a Recovery is applied to Your claim, Your attorney's fees, other expenses or costs.
- We are not responsible for any attorney's fees, other expenses or costs You incur without Our prior written consent. Further, the "common fund" doctrine does not apply to any funds recovered by any attorney You hire regardless of whether funds recovered are used to repay benefits paid by Us.

Right of Reimbursement

- You must reimburse Us the full amount of Our lien.
- Our rights are not limited by any allocation or characterization made in a settlement agreement or court order.
- The amount recoverable by Us may be reduced by a pro rata share of reasonable and necessary costs and expenses as follows:
 - The cost of depositions.
 - Witness fees.
 - Attorney's fees to the lesser of:
 - The amount contracted by the insured for the insured's portion of the claim; or
 - 33 1/3% of the amount of the settlement.
- If You fail to repay Us, fail to cooperate or Our lien is otherwise not recovered by Us, We shall be entitled to deduct any of the unsatisfied portion of Our lien or the amount of Your Recovery, whichever is less, from any future benefit under the Plan.
- In the event that You fail to disclose to Us the amount of Your settlement, We shall be entitled to deduct the amount of Our lien from any future benefit under the Plan.
- We shall also be entitled to recover any of the unsatisfied portion of Our lien or the amount of Your settlement, whichever is less, directly from the Providers to whom We have made payments. In such a circumstance, it may then be Your obligation to pay the Provider the full billed amount, and We would not have any obligation to pay the Provider.
- We are not bound by, nor responsible for any fees or costs recoverable by or assigned to Your attorney as set forth in any fee agreement.

Member's Duties

- Your signed application for coverage and/or Your receipt of benefits under this Plan authorizes and/or acknowledges each of Our rights set forth in this section.
- You, or Your attorney, must notify Us promptly of how, when and where an accident or incident resulting in personal injury or illness to You occurred and all information regarding the parties involved.
- You agree to advise Us, directly or through Your attorney, in writing of Your claim against a third party, or a claim against Your own insurance, within 60 days of making such claim, unless a shorter period of time is prescribed by law, and that You or Your attorney will take such action, furnish such information and assistance, and execute such papers as We may require to facilitate enforcement of Our lien rights.
- Relevant information includes, but is not limited to, police reports, pleadings, settlement agreements, and communications with any party regarding the accident, incident, injury or illness.
- Neither You, nor Your attorney, shall take any action that may prejudice Our rights or interests under this section.
- You and/or Your attorney must cooperate with Us in the investigation, settlement and protection of Our rights.
- You and/or Your attorney must immediately notify Us if a trial is commenced, if a settlement occurs or is consummated, or if potentially dispositive motions are filed in a case.
- You and/or Your attorney must hold in trust the extent of Our lien that is recoverable by Us under the law and the Recovery must not be dissipated or disbursed until such time as We have been repaid in accordance with these provisions.
- If You, or Your attorney, fail to give Us notice, fail to cooperate with Us, or intentionally take any action that prejudices Our rights, You will be in material breach of this Agreement. In the event

of such material breach, You will be personally responsible and liable for reimbursing to Us the amount of benefits We paid.

Nothing in this Plan shall be construed to limit Our right to utilize any remedy provided by law to enforce Our rights to recover Our lien.

Any action that interferes with Our right to recover Our lien may result in the termination of coverage as allowed by law for You and Your covered Dependents.

The Plan is entitled to recover any attorney's fees and costs incurred in enforcing any provision in this section.

Severability

In the event that any provision in this EOC is declared legally invalid by a court of law or determined to be illegal due to the enactment of new legislation or regulations, such provision will be severable and all other provisions of the EOC will remain in force and effect.

Unauthorized Use of Identification Card

If You permit Your Identification Card to be used by someone else or if You use the card before coverage is in effect or after coverage has ended, You will be liable for payment of any expenses incurred resulting from the unauthorized use. Fraudulent misuse could also result in termination of the coverage.

Right to Change Plan

No agent or employee of Wellpoint or other person, except an authorized officer of Wellpoint, has authority to waive, even if by providing incomplete or incorrect information, any conditions or restrictions or to change the form or content of this Plan, to extend the time for making a payment to Us, or to bind Us by making any promise or representation or by giving or receiving any information. Such changes can be made only through a written amendment, signed by an officer of Wellpoint.

Workers' Compensation

The benefits under this EOC are not designed to duplicate any benefit for which Members are eligible under the Workers' Compensation Law. All sums paid or payable by Workers' Compensation for services provided to Members shall be reimbursed by, or on behalf of, the Member to Us to the extent We have made or makes payment for such services. It is understood that coverage hereunder is not in lieu of, and shall not affect, any requirements for coverage under Workers' Compensation.

Care Coordination

We pay Network Providers in various ways to provide Covered Services to You. For example, sometimes We may pay Network Providers a separate amount for each Covered Service they provide. We may also pay them one amount for all Covered Services related to treatment of a medical condition. Other times, We may pay a periodic, fixed pre-determined amount to cover the costs of Covered Services. In addition, We may pay Network Providers financial incentives or other amounts to help improve quality of care and/or promote the delivery of healthcare services in a cost-efficient manner, or compensate Network Providers for coordination of Member care. In some instances, Network Providers may be required to make payment to Us because they did not meet certain standards. You do not share in any payments made by Network Providers to Us under these programs.

Medical Policy and Technology Assessment

Wellpoint reviews and evaluates new technology according to its technology evaluation criteria developed by its medical directors. Technology assessment criteria are used to determine the Experimental/Investigative status or Medical Necessity of new technology. Guidance and external validation of Wellpoint medical policy is provided by the Medical Policy and Technology Assessment Committee (MPTAC) which consists of approximately 20 doctors from various medical specialties

including Wellpoint's medical directors, doctors in academic medicine and doctors in private practice.

Conclusions made are incorporated into medical policy used to establish decision protocols for particular diseases or treatments and applied to Medical Necessity criteria used to determine whether a procedure, service, supply or equipment is covered.

Program Incentives

We may offer incentives from time to time, in order to introduce You to covered programs and services available under this Plan. We may also offer the ability for You to participate in certain voluntary health or condition focused digital applications or use other technology based interactive tool, or receive educational information in order to help You stay engaged and motivated, manage Your health, and assist in Your overall health and well-being. The purpose of these programs and incentives include, but are not limited to, making You aware of cost effective benefit options or services, helping You achieve Your best health, and encouraging You to update Member-related information and encouraging You to enroll automatically to pay Premiums electronically. These incentives may be offered in various forms such as retailer coupons, gift cards, health related merchandise, and discounts on fees or Member Cost Shares. Acceptance of these incentives is voluntary as long as Wellpoint offers the incentives program. Motivational rewards, awards or points for achieving certain milestones may be a feature of the program. We may discontinue an incentive or a program for a particular covered program or service at any time. If You have any questions about whether receipt of an incentive or retailer coupon results in taxable income to You, We recommend that You consult Your tax advisor.

Value-Added Programs

We may offer health or fitness related programs and products to Our Members, through which You may access discounted rates from certain vendors for products and services available to the general public. We may also offer value-added services that include discounts on Pharmacy products (over-the-counter drugs, consultations and biometrics).
